

Night light mystery

POLICE were called to the Orton Malborne area of Peterborough over the weekend to investigate a UFO sighting.

The unidentified light was first seen by Mr Terence Myers, of 86 Medworth, Orton Goldhay, at 10.30 am on Saturday.

Pc Alec Riddell, who answered the call, also saw the blue and red light in the sky to the south of Peterborough.

A police spokesman said the light hovered in the air for some time.

Inquiries to Wittering and Alconbury air bases failed to solve the mystery.
