Two Bradford men and a boy
saw a bright yellow ball in the sky
at 9.40 p.m.

TWO Bradford men and a boy think they may have had a "close encounter of the third kind" on Wednesday evening in Idle, Bradford.

They were walking past Idle cricket field at 9.40 p.m. when they saw a very bright yellow ball in the sky at the height of a plane.

Mr. Graham Townsend, of New Street, Idle, said: "It moved, irregularly side to side and up and down, flashing intermittently. Then it stopped ~~flashing~~ yellow ball. I've never seen anything like it before."

flashing light

They said they saw it for several minutes until it moved out of sight over Thorpe Edge in a general NE/SW path towards the city centre.

Leeds/Bradford airport confirmed there were no incoming or outgoing flights after 9 p.m. on Wednesday.
