

# **UFO? It's our Herbert**

UFO spotters were excited about a silver disc moving around the night sky. At least a dozen reports were made to Nottingham's UFO society.

But yesterday housewife Betty Armson said that what they had

seen was a gas-filled space invader toy owned by her daughter Jane. Mrs. Armson, of Magdala Road, Nottingham, said the disc-shaped toy—called Herbert was swept away by a sudden gust of wind.
