MYSTERY OBJECT SEEN IN THE SKY

Evening Post Reporter

A MYSTERY object has been spotted over Portishead by Mrs Jane Myatt.

She saw the grey, cone-shaped object from the window of a dentist's surgery in the shopping precinct at about 11 am last Thursday.

Police are treating the incident seriously and the RAF has been informed.

Mrs Myatt, aged 27, of Greenfield Park, Portishead, said the object, which seemed to be giving out an orange light, travelled across the sky at about 300ft and disappeared towards the docks.

It was also seen by her son Simon, aged three, and a dentist's receptionist.

A police spokesman said: "The RAF are always interested in these sightings and we've passed this information on to them."
