DAILY RECORD

UFO joke has city in panic

THE producers of a TV show that reported a UFO landing were given a rocket by their bosses at the weekend.

As a joke, the producers put out a newsflash on German TV saying a flying saucer was coming down at Duisburg.

But as hundreds of worried viewers blocked the city phone lines, another message saying "UFOs have not landed" was hurriedly transmitted.

Hundreds more callers then wanted to know where the flying saucers had gone.
