

UFO 'EYEBALL' FOR BREAKERS

CB fans Tony and Mike How had their strangest "eyeball" on Friday night — a close encounter with a UFO.

The brothers, of Bray Drive, Canning Town, were on the air in Victoria and Albert Dock Road, when they noticed a brilliant white revolving object, complete with window shapes, hovering in the sky. The sighting, which has been reported to Plaistow police and the Ministry of Defence, is to be investigated by the Essex UFO Study Group.
