

UFO seen by 200 people

NATAL DAILY NEWS
22nd March, 1983

A HUGE, triangular-shaped unidentified flying object has been seen hovering along a 60km stretch of Welsh coastline. The object, now being investigated, was clearly seen by more than 200 people, including two policemen, a class of schoolchildren and a soccer team. The sighting — over a one-hour period — is one of the best witnessed ever. First to "spot" the craft were 22 pupils from a Cardiff primary school. Later the children produced almost identical drawings of the object. Police detectives Mike Troake and Gethin Humphreys also witnessed the craft but did not report their findings for fear of ridicule. Sergeant Troake (42) said: "I'm used to seeing aircraft in the sky but this was massive — much bigger than a plane. There was a large main cluster of lights at the front, shaped a bit like a Zeppelin, followed by a triangular group of lights. They were moving gracefully across the sky about 400 metres up." Here Jonathan Hutchins (7) and sister Lyndsay (5) show their drawing of the UFO.
