

## Seen a UFO?

DID you know . . . that the term "flying saucer" was invented 40 years ago when civilian pilot Kenneth Arnold described a formation of unusual objects as flying "like a saucer would if you skipped it across the water."

To mark the 40th anniversary of modern UFO research, a hotline has been launched by UFO investigators in Yorkshire, Lancashire and Derbyshire. The local number to ring is Batley 444049.

MORLEY OBSERVER  
25 JUNE, 1987.
