

# **UFO cover-up claim**

**THE United States has been accused of a cover-up over UFOs to avoid causing panic by UFO researcher Dale Goudie, who released government documents which he says back his claim. The papers, revealed on the eve of a three-day conference in Washington, show US Defence Department concern that UFOs have been swooping over military bases.**

# **Ants' flood threat**

**CHINA is facing the threat of serious flooding later this year because of freak weather, heavy rainfall and the activities of white ants drilling holes in river dykes, said the New China News Agency. Forest fires in the northeast last month killed 200 people, but floods around the country this year have already killed 230.**
