Calls flood in on UFO sightings

2374
Reports of an unidentified flying object over the Midlands have been pouring in to UFO Studies Investigations.

Now the chairman of the organisation, Mr John Hurley, wants to hear from anyone who might be too embarrassed to report their sighting.

A dozen calls have been received from peo-

ple in Coventry, Birmingham and Four Oaks.

All the sightings were within 30 minutes of each other late on Tuesday.

The UFO was said to be "the size of a football pitch".
