## Ring road for UFOs?

<sup>2374</sup>  
STRANGE markings on a country road which puzzled police have led to a flying saucer alert.

Two rings, 12ft in diameter, have been found in the road surface at Farley near Matlock in Derbyshire.

Police are baffled but a spokesman for local UFO spotters said: "They could be linked with a UFO landing."

"Over the past few months we have had many sightings reported in Derbyshire."
