

# UFO'S TERROR CHASE

SHOPKEEPER Margaret Wilson got the fright of her life when a UFO followed her home. The 70ft.-high ball of light trailed Margaret's car along the motorway for 30 miles. Then it hovered outside her home for two hours before zooming away. Margaret, of Eastleigh, Hampshire and her companion—an ex-RAF man—were baffled.

“I couldn't believe it. It was like nothing I'd seen before,” she said.

A Ministry of Defence spokesman said: “There are a lot of queer things in the sky. We'll check it out.”
