

22 SEP 1988

**group**

I AM an active member of the Mansfield UFO Investigation Group, which holds twice-monthly meetings on the first and third Monday of each month, at Mansfield Library on the third floor, from 7.15pm till 9.30.

Our membership is steadily increasing, but it is my opinion a lot of people are too shy or embarrassed to come to our club and tell us if they have seen anything strange in the skies.

Please don't be afraid, you will not be made a fool of. All are welcome and the first meeting is free. We talk on local and worldwide reports, we have astronomy lectures and show videos.

For more information tel 751889.
