COR BLIMESKI, THOSE ALIENS HAVE 3 EYES!

IT'S out of this world – the aliens which landed in Russia have **THREE** eyes and make people invisible with “zap guns”.

The Soviet news agency Tass announced this week that spacemen had landed in a Russian park, 300 miles south of Moscow.

Now the Kremlin's top Soviet Cul-

ture paper has uncovered more mind-boggling details of the invasion of Voronezh. It reported:

● A huge deep red-coloured ball hovered over the park.

A hatch opened, and people saw a three-eyed alien about 10 feet tall. He was clad in silvery overalls and boots, and wore a disc.

The alien and another creature, apparently a robot, climbed out.

A boy yelled with fear. But the alien looked at him and he fell silent.

The UFO disappeared, then returned minutes later.

Tube

The alien pointed a tube at the boy and the lad disappeared.

Then they took off. At the same time the boy reappeared. ●

Tass backed its story and said: “It's not April Fool's Day.”
