

Alien 'zaps' UFO witness

A THREE-EYED alien from space fired a "tube" at a 16-year-old boy and made him disappear, a Soviet newspaper claims.

Another screaming youngster fell silent when the 10ft tall creature fixed its three shining eyes on him, Sovietskaya Kultura reported yesterday.

The paper was quoting more "witnesses" of the UFO — described as a glowing red sphere — said to have landed recently in the Russian city of Voronezh.
