Destroy All Humans! Big Willy Unleashed set to invade PSP

Stop sniggering or Crypto will get you

By [Joao Diniz Sanches](#)

| Jul 11, 2007

[PSP](#)

| [Destroy All Humans! Big Willy Unleashed](#)

THQ has just announced two new additions to its popular *Destroy All Humans!* franchise, one of which is coming to Sony's handheld (and PlayStation 2, as well as Nintendo's Wii console).

Big Willy Unleashed will serve as a prequel to the Xbox 360/PS3 release, *Path of the Furon*, and sees you controlling Crypto, a Furon alien travelling the world in the 1970s. Whether on foot, on board your UFO, or in Big Willy – a prototype alien mech masquerading as a fast food restaurant mascot – your task is generally to unleash massive destruction wherever you go.

Very little else is known at this stage (THQ appears to be focusing its attention on communicating the advantages of the Wii version due to the console's unique interface), but expect the series' trademark irreverent humour to feature heavily when the game is released early next year.

[Joao Diniz Sanches](#)

With three boys under the age of 10, former Edge editor Joao has given up his dream of making it to F1 and instead spends his time being shot at with Nerf darts. When in work mode, he looks after editorial projects associated with the Pocket Gamer and Steel Media brands.

Atomic Champions brings competitive block-breaking puzzles to the palm of your hand

Brick your friends

By [Iwan Morris](#)

| Jan 3

[iOS + Android](#)

| [Atomic Champions](#)

- Atomic Champions is a newly released competitive brick-breaking puzzler
- Take turns breaking as many blocks as possible and outdo your opponent
- Utilise distinctive booster cards to get an edge and come out on top

When it comes to competitive puzzlers, I feel like there's a lot we've already explored. You've got your classic board games, your unusual takes such as PVP tower defence, and even the occasional competitive match-three! So it's surprising that I haven't seen many (if any) competitive brick breakers, until now.

Gameplay in Atomic Champions is simple, and not too complicated. You take turns blasting bricks as you would in any other entry in this genre, and aim to get a higher score than your opponent. But, a quick twist lets you use booster cards to alter your tactics, giving you a better chance at victory if you play it smart.

File: [2007_07_11_Pocket_Gamer_Destroy_All_Humans_Big_Willy_Unleashed_set_to_invalidate_PSP.pdf](#)

URL: <https://www.pocketgamer.com/destroy-all-humans-big-willy-unleashed/destroy-all-humans-big-willy-unleashed-set-to-invalidate-psp/>

Atomic Champions promises to have plenty of depth to keep drawing you back in, even if you're not a total brick-breaker-mad player. Considering it comes from the [developers behind the equally distinctive Food Inc.](#), I'd certainly not doubt their ability.

Subscribe to [Pocket Gamer](#) on **Blast a brick**

There's little else to say, in a good way, about Atomic Champions. Although I do wonder whether or not it can have the depth it proclaims to have that'll keep people playing. Brick breaker puzzlers are indeed a personal favourite of mine, but I'm not sure if playing them competitively is right up my alley.

Then again, even if I'm not the target audience, I'm sure there are some of you out there who are. In this case, have at it, you can find Atomic Champions out now on iOS and Android for free!

And if you're looking for other ways to scratch that puzzle itch, don't look any further! Check out our list of the [top 25 best puzzle games for iOS](#) and [our equivalent list for Android](#) to find some great ways to get those neurons firing and head into 2025 with some brain-busters.
