[Wind Advisory is in effect](#)

Back in January of this year, more than a dozen UFO-logists were born in the small Texas town of Stephenville, after an unusual sighting.

Steve Allen is a pilot with more than 20 years experience. He says he was sitting with a friend watching the sunset. He lit a cigar, and saw some intense bright lights coming his way.

"It was unlike anything I'd ever seen before. There was seven lights flashing, reconfigured to an arch shape, and then they re-configured again. And then they burst into a very unusual bright white flame. Two or three seconds of that and then it simply disappeared," said Allen.

Primetime UFOs: Seeing Is Believing will air tonight on KLTV 7 at 8:30.
