Best selling author Miriam Delicado to present at UFO Congress

01-19-2009 12:41 PM CET | [Arts & Culture](#)

Press release from: [TheHotStory PR](#) / PR Agency: TheHotStory PR

Author & alien abductee Miriam Delicado

(Laughlin, Nevada) Miriam Delicado, author of *Blue Star: Fulfilling Prophecy*, and a renowned speaker will be presenting at the 2009 UFO Conference and Film Festival, organized by the International UFO Congress to be held from February 22nd – 28th. It is the largest such conference in the world.

Delicado, whose book recounts in detail her experience as a UFO Abductee and her lifelong contact with the Tall Blond Aliens, has travelled internationally to speak and share the messages she reports the Aliens asked her to reveal on their behalf.

Her presentation covering the connections between the beginning of man, the Extra-terrestrials and the Indigenous people and the influence on daily human life is a culmination of her years of contact with the Aliens and the strong Hopi influences encompassed within their messages to her.

In 2003, Delicado, who remains in contact with the Aliens, was prompted to begin sharing her experiences and the Aliens' messages with others.

“They are messages of hope.” reports Delicado. “Hope that despite the turmoil the world is in, there is truly good out there and it is this good we must pursue. Peace and light are out there and it is up to us to make the right choices, not only for ourselves, but also for the future of the world and new generations.”

Director and Conference Organizer, Nicole Irvine, says, “Every year brings new and fascinating information about the UFO world. We have such an interesting and diverse set of speakers and are pleased that Miriam could join us this year.”
