It seems that a mirror ball that is too large to be compared with ordinary ones was lifted up to 50 meters above ground in the largest park in Paris. This is a suspicion as if the UFO got off.

The glittering mirror ball over the park at night is fantastic and it seems that something has come down.

Details are from the following.

This is a huge mirror ball. This mirror ball with a diameter of 7.5 meters is said to be made of 1000 mirrors.

Preparing for lifting.

The place lifted is in Paris 6th district of France **Luxembourg gardens**. It is the largest park in Paris, perfect for location.

Light the light on the lifted mirror ball. It seems that something seems to have come down.

The light reflected by the gigantic mirror ball illuminates the Luxembourg Palace.

You can see the state of the Luxembourg garden lit by the mirror ball from the following.
