# 5 Women SEE Flying Object At Mt. Lake

MOUNTAIN LAKE — Five Mountain Lake women are reported to have seen an unidentified flying object Tuesday night while they were riding together in a car.

They are Mrs. Otto Kremeen, who was driving, Mrs. Merle Wall, Mrs. Lucille Herrig, Mrs. Ralph Friesen and Mrs. Bud Fast.

When they noticed the bright object in the northwest sky, Mrs. Kremeen stopped the car so they could watch it.

The object was reported to be low in the sky and then shot directly upward into the sky.

The women were about three miles from Mountain Lake when the object was sighted.
