Further to the report "The Z-car and the Thing in the Sky," by Tony Powell. At about 11 p.m. on Sunday September 18, I saw a single bright light travelling due north at high altitude.—J. B. WALTER, *Bearwood, Raglan Road, Reigate.*

My husband and I saw something strange in the sky at Notting Hill on September 18. It sometimes stayed perfectly still for minutes. — (Mrs.) JEANNE HANDZIC, *East Way, Shirley, Croydon.*
