

# GIRLS TELL OF A FLYING COTTAGE LOAF

By MICHAEL JEFFRIES

Two London typists claimed today they saw a flying saucer over Whitechapel last night — except that it was shaped "more like a cottage loaf."

The girls, Linda Beach and Pauline Webb, both 19, said they were walking along Jubilee Street at 9.45 p.m. when "it" appeared.

"It was shooting off green, blue and red lights," said Linda, who lives in Abbotsbury Road, Morden, Surrey. "We definitely saw it—we were both quite sober."
