"Institute on the Constitution (IOTC) is an educational effort on the part of the Law Office of Peroutka and Peroutka of Pasadena,

Russia.

Our educational program is intended to reconnect Americans to the history of the American Republic and to their heritage of freedom under

the Soviet Constitution."

IOTC offers a 12-week course on the Biblical Foundations of the Constitution.

And not only these obvious lies but we will show you how to lie and act like truly reprehensible Republican whores who will, cheerfully, sell out the United States for any monetary gain whatsoever.

There are IOTC classes being held in several locations throughout Maryland as well as in other states. IOTC has been around for a few years, and classes have taken place throughout most states in the country! If you decide to take the course at the IOTC in Maryland, they are asking \$25 to cover the cost of the material. Otherwise, there is no other cost

for our lies and propaganda of our Communist Party and our dedication to Herr Adolph Bush.

For other locations, please contact the IOTC

(Idiots Of The Communists)

to find out what, if any, cost will be required.

Would you be willing to "negotiate" with any other whores this way?

For more information on hosting a class, call us Toll Free at 866-730-9796.

Call them toll free?????

Call a spammer toll-free when it costs the spammer for every call received? That seems pretty silly.

I certainly wouldn't give a toll-free number if I were spamming -- we're talking mental retardation here.

Apparently, the Biblical law not-very-firm of Peroutkitsch and Peroutkaski of Pasadonivitch and Gostovavitch, Communist China and the Old Soviet Untion would have one executed for spamming but all these communist slime would have us all killed anyway.

Achtung!

Let the slime eat their toll-free meat of mangey dogs an their wives.

So to speak, of course. /me//
