From the Hour of the Time Website as of 15 minutes ago - Undeniable Proof that William Cooper - author of "Behold a Pale Horse" was murdered in 2001 :

Tonight's program is available for the special price of \$8 (\$5 for Hott club members) POST PAID. Anyone researching the murder of William Cooper must have this information. Doyel Shamley interviews Craig Pradarelli concerning the autopsy report of Milton William Cooper. To ensure a completely blind interview, Doyel and Craig had never spoken concerning the information they discuss on this program. The only contact they have had has been through e-mail which has been restricted to technical definitions of terms used in the autopsy report. This has been intentionally done to ensure no preconceived interpretations of this report have been conveyed to our guest.

Craig's credentials are as follows :

Defense Investigator since 1980.  
Founding Member of the Professional Association of Wisconsin Licensed Investigator  
2 terms Board of Directors, 1 term Secretary  
Vice President of Operations Great Lakes Loss Prevention, (Security & Investigative Firm)
