Some Prophecies of Dresden Nun...

..... ABOUT OUR AGE....,
and about Masonic Lodges too ?

"A time will reach, in which the voice will fly. And the men will speak between themselves, among the seas and the mounts. A time still will reach in which the images will fly. And the men will be able to look at themselves among the seas and mounts. This will be a time of great pains and of large torments. The images will fly like angels, but they will not carry the light of angels".

Is it on the Anti-Christ ? :

"Between 1940 and 2010 Lucifer will transfer on the Earth his duke. And on the Earth it will dominate the satanic hierarchy, guided by a demon, that will speak the Attila's language, but will wear the clothes of Cesar.

The court of Satan will be formed by six light-flee members and the duke Weigore (weihe = ordination - German -; gore - English).

The court of the marked duke will dominate triumphally on the Earth during 6,666 days.

The reign of the great pestilence will be this. The forest of iniquity will be this. But finally all the satanic court will be precipitated into the fire, and of the last ones demons, only will remain the toxic ash".

Attila only speaks making war. Cesar has the sovereign power on the Earth. The light-flee to hide the light.
6,666 days are eighteen years and three months.
This period of time must be after the fall down of Sovietic Union.
6.666 are also the number of devils under the commando of satan, under the medieval demonological tradition.
