Subject: How To Get Your Life Straightened Out. Part 3 of 3. Mar. 13, 2011.

This person tells us what he thinks we should eat.

.....  
.....

They are predators, and will literally pursue you, chase you down, to poison/incapacitate/abduct and k-ll you, to become you. Then, they will literally fight you, fiercely, viciously, to keep you down (dissociated, switched, abducted, sedated, impaired, and b-ind). The b-ble states that these s-irits refer to mankind as their homes, their houses, their abodes. Our families, our spouses, our careers, well, that goes with the package. Boy, life/reality is not what most perceive it to be: Who Lives? It's a matter of life and d-ath.

Why wont G-d change the atmosphere, the chemical structure of nature, to stop/c-re all of this? Is there supposed to be some purpose to all of this? Their paralyzing p-isonous sting, semi-d-athly z-ombie-ing venom, s-rcery, impairing it's prey's very s-ul, the human's brain, the motor nerves and the body's tendons it's target, d-mon possession, hereby controlling the human r-ce, thus dictating and insuring it's own morality, it's own society, it's own fetishes, and sports; even taking on a spouse, marriage, and making families. Plenty of room at the Hotel California! Who lives?

Try the dietary changes for several months. Stop for a few days, and note the difference. It's unmistakable, very notable and distinct difference. The difference with sense of smell, of balance, of consciousness, of awareness of torso, of better hygiene, peace of mind, depression, negativity, obsessions, and the snareful negative thoughts and reactions; and actions. Also, note the length of time it takes to "recover".

Having been through what I have, it looks to me like, maybe, R-relations 2:14, "Thou (a-gels) have caused that woman Jezebel to teach and s-duce my children (the Ch-rch) to commit fornication, and to eat things sacrificed unto idols" possibly means that the an-els caused us to eat things which impair, cause bli-dness, dull or nullify consciousness and the conscience, poi-ons, sedatives, sorc-ry, which leaves us wide open to possession/oppression/easy prey/easy abduction. I've always seen that spi-its use and formed this earth and it's occupants as a brothel. To prpare themselves a bed. Plenty of room at the Hotel California! I get the sense that man should eat as bi-lical Daniel did.

Gen-sis 1:29 Then Go- said, "I give you every seed-bearing plant on the face of the whole earth and every tree that has fruit with seed in it. They will be yours for food.

Be very cautious about friends and social contacts. The point being that the sp-rits of this world, the spi-ts of those humans who are "of this world", will intentionally try to foul you up, will intentionally derail you, plant snares and/or temptation, and will intentionally see that you too are misled/beguiled to follow suit (of this world). It's a sport to them, a common goal, to mold and reshape mankind into mere zom-ies, toys, pets, puppets. Most never see it coming, or happening. Just say that your circle of family and friends suddenly sees that you are of a different stroke, that you have turned right, that you seem to be the pilot, appear to be alert (not allowed), bold clean strong posture (destroy that species), trying to live clean and with -odly morality, appear to have cleared or banished unclean spi-its and/or such influence, appear to be very functional. All of your work and pr-yers, all of your sufferings and struggles, all of the shapeshifting, shake-ups, bindings, loosings, redeployments, shufflings, restructuring, reformation, and ministering guardianship that you've fought and pra-ed for, and structured, will be tossed, lost, if you are not careful. Be cautious with your social contacts, watch them closely, the tone of their voice, any malice or malevolence in their eyes or comments. It takes time, often a year or more, to get to know someone, in order to see their true colors. It once took me 6 years to finally discover that an acquaintance of mine, a well respected ch-rch going woman, was into d-ugs, two faced, without conscience, secr-tly practiced sor-ery, had many se-ret lovers, sleeping around for drugs, to the point of orgy, house to house, to

house. We all have sp-rits present in our lives. You've cleaned house, while the majority hasn't got a clue, and never will. Should you make the wrong social contacts, you'll draw foul d-mons who will undo everything that you have worked for (peace and posture). Well then, you are just going to have to start all over again, aren't you. So, no bars, no dance, no drink or dr-gs, dress carefully, not to impress, and especially not to s-duce. No curs-ng, no dishonesty or hatred, no spite or unforgiveness, or cheating, and be very slow to anger. Try to judge things like -od would, see things as he does. Don't think of yourself as wise, above it all, better than the rest, cause that is just another trap, a lie, to snare you. The fact that you can see it does not say much, doesn't really mean much. One of my own mistakes was to disrespect the bl-nd and enflamed (possessed), to literally h-te them. It's not my place to judge. I had to fight to keep my peace and patience, to keep my mouth shut, and to just try and find my own space. Make sure that your own household thinks the same, does the same, respects the same. If you don't put these laws into place, then you are going to be opening-up the door to the d-vil; all over again, losing ground, not only to yourself, but against your family members. You would then be paddling against the current, swimming up stream, fighting for nothing, against the majority. It's very likely that your family will not initially respect or abide, nor understand. They may laugh right in your face, enflamed with demo-s openly and clearly obvious, with such a snarl. Set a deadline? P-ay about this one, or the family is just not going to make it. No way! I've been there, was made blin- and kept bli-d to it, they laughed in my face, enflamed with dem-ns, literally, and it all fell apart. Crazy as it sounds, I was glad to finally get all of that out of the house. I should have known better. I should have seen it coming. We were natural enemies, I did see that much. I've been cautious, trying to be social only with those equally yoked, and I've stumbled a few times, and have paid dearly. Cost me decades, fell into a pit, stumbled, severely, I almost gave up, it almost ki-led me, it sifted and nearly destroyed my faith, had me angry and confused. Well, I had to cut it off at the source, and start all over again, and the -evil didn't want to take no for an answer. He fought against me. He did not want to see me win. He just was not going to allow me to win (overcome, reform, restructure).

Another thing that looks highly suspicious, to me, is that humanity/society has been set up to where man must work all day, and handle the chores, keeping him pre-occupied, distracted from what's truly going on here. Then, to top that off, is the monetary system (money), which has many men trapped as s-aves, captivity, a bondage, in horrible inhumane working conditions, and of coarse, pre-occupied and distracted, without a clue. At the top of the monetary chain, are the wealthy, the chosen, the captors, dictators, the boss, the owners, the rulers and principalities of the darkness of this world, the sp-ritually wicked in high places. Selfish, greedy, hedonistic, indulgent, lawless, deceitful, devious, intimidation, de-ilishly schrewd and designing, scheming, villainous, for profit, for wealth, for production, and at a dear cost. Back breaking distraction, on this hazardous super-highway, the garden of Eden. Just look at how they have planted and tended this garden (Eden)? Of coarse, according to scripture, the generation which saw Israel become a nation (1948) supposedly will never die out completely, but will see the end of all of this. Scripture states that G-d shall remove thy wheels.

I strongly sense that man, without invading sp-rits, would never d-e, the human body would have strong regenerative and healing ability. Sickness, s-n, and dea-h is caused by invading sp-rits. The body's immune system, suddenly contaminated, impaired, becomes stunned, in shock, and starts to try and defend itself, overworked, exhausted, can't win. Well, our body's defense systems apparently are not properly equipped for invading sp-rits, can't overcome or cope, it k-lls us all. Sp-rits are a contaminate, a contagion, infectious and toxic. Words cannot describe what possession does, a po-son, leach, drain, causes the body to be porous, spongy, leaky, absorbent, to trap retain certain toxins, breaches the hull, virus, causes calcification and plaque, corruptive, deformative, warping, damage, wound, impair, mar, spoil, blemish, stretches thin and fragile, a fatal bacteria, a fatal blow, ruin, shatter, and destroy. Some religions may be partially to blame for this, having not declared the obvious, that sp-rit possession impairs, it taints/corrupts/wrecks/ruins, it -ills. Toxic to the body, causes abscesses, boils, and eruptions, down to the marrow, destroys our natural defenses, in some cases confusing/causing our body to become confused, rejecting itself, to destroy itself, being corrupt/tainted, a trojan virus. Me-ical research should start here, with such in mind. Our unhealthy and hazardous diets are planned and determined by s-irit, according to Re-elation 2:14, and just might be a conditioning, a setup, a trap. Becoming leaky, spongy, absorbent, and breached; varicose abscessed swollen veins, genes, and marrow, just might be a prerequisite precondition, needed for d-mon possession. Calcified blocked b-ood vessels may actually be misplaced, displaced, foriegn, abscessed vericose, or even phantom induced bone tissue! Who shall see it?

Please write to contribute your own comments, experience, or experimentation in this matter? Too, should G-d move you to write, to minister to others, feel free to use any of these observations, concepts, or descriptions? Quote this web-site, if you will. It's very strange, that my first copyright, I checked a checkbox which allowed free copy and distribution/conversion, for the "blind".

Part 3 of 3.
