Mar. 15,

This talks about the many UFO sightings of a trucker.

Recent UFO Sighting Helps Confirm Authenticity of our Book, Prepare For The Landings!

Before, and especially since Aurora Light's and my guest appearance on George Noory's Coast to Coast AM Show on Jan. 19th (the complete 3 hour interview can be listened to by going to ChannelfortheMasters.com

, and clicking on the image of George Noory's show) I have received many hundreds of e-mails & phone calls from many other fellow LightWorkers who have stated that their own Inner Guidance [I AM Presence] and/or their own ET Space Contacts have strongly Confirmed to each of them of the Authenticity of our book Prepare For The Landings!

But perhaps one of the more dramatic Confirmations was a recent UFO sighting or rather a sighting of a gigantic Merkabah Federation Light Ship, by a trucker, Lance C-mpbell, who sent me the attached e-mail describing them and the nature of his sighting. I had a chance to speak with him over the phone right after receiving his e-mail, and was able to find out more details of this and many other UFO sightings he has had while driving his truck down the many interstate highways since 2010, when his sightings of these particular gigantic Light ships started to occur, and of his connections with these particular Light Beings that he has been in strong tel-pathic communication with since then.

L-rd Ashtar has confirmed to me that these particular fellow Beings are connected with the Jerusalem Command from the Orion constellation, which Dr. J. Hurteck mentions in his own book, The 64 Keys of Enoch, the Book of Knowledge, who work closely with the Ashtar Command, in helping to Prepare Earth's humanity for the upcoming planetary D-vine Intervention & world wide Evacuation, which is described in detail in Prepare For The Landings!

As Mr. Ca-pbell has shared with me, he has had numerous very up close multiple sightings of the 1000 foot Rainbow Merkabah Light Ship, along with other huge ships, while he is driving down the highways, in which the Light Ships will be traveling with him staying even with his truck and keeping pace with him, sometimes close enough for him to see some of the Light Beings inside the ships actually wave at him through the windows or portholes on the side of the ships.

He also confirmed something else to me, regarding so many of George Noory's other guests that he often has on his show, from the UFO community who claim to be professional UFO investigators. But, in fact, so many of the well known names within the UFO community are really just p-ych op agents right out of the b-ack op/covert agencies pretending to be civilian investigators, and these so-called professional investigators could never pass the requirements for a real professional criminal investigation.

As Lance or rather his own ET space contacts aboard these gigantic Light Ships--confirmed, what Ashtar had told me many years ago, regarding the so-called professionalism of these individuals, who also have been guests on the C. to C. show, that Lance has learned to get strong telepa-hic confirmation of whether to even listen to most of the other guests that George Noory has had on his show, of whether they are telling the truth or not. As he states in his e-mail, usually or most of the time, he gets a strong NO answer, when he is listening to past shows while he is driving along, with the gigantic Light Ship flying along close to his truck, with them moving their ship from side to side which always means NO and rarely or only once in awhile, he will get a strong YES confirmation, of the guest's authenticity & sincerity, by them moving their Ship up and down for Yes. He stated that usually, except on rare occasions [for a few sincere, authentic people like James Gilliland of the ECETI Ranch in Wash.] he has been given the NO confirmation, that most of the guests have been lying and/or throwing out so much --. designed to attempt to keep

everyone stuck in F.E.A.R. [False Evidence Appearing Real]. So it was great to get this much more dramatic Cosmic Kosher Stamp of Approval from our Friends Upstairs, with them specifically moving their huge Light Ship in the up and down. YES confirmation motion, more powerfully Confirming the Authenticity of our book, and it's contents. He immediately, of course, quickly called us up to order his own copy of The Boarding Pass otherwise known as Prepare For The Landings! Of course, he also discovered, like so many other hundreds, if not thousands of those who had immediately contacted us right after our Jan. 19th guest appearance on C to C., that we have become so extremely backordered with orders for our book (as well as our DVD's that are also available to purchase at PrepareFortheLandings.com), what with the utter avalanche-tsunami wave of calls & e-mails from so many wanting to also order the book, and also our DVD's also available, that we have been unable [only temporarily!!!!] to keep up with the sudden demand for the book. But I wanted to also inform those of you who are still waiting to receive your own copy of the Boarding Pass, that we are working overtime to get caught up on all of these many orders over the next few weeks. We just got in a huge shipment of hundreds of copies of our book from our publisher (and we are also waiting for another huge shipment of more books in a couple weeks). Bill Alek & Aurora Light (who are back at our Progressive Tech Center in Phoenix, AZ, while I Am on my Book Signing & Workshop tour up here in Oregon) are rushing to get all of the many hundreds of Book & DVD orders sent out, along with Aurora and I calling back & answering the many hundreds of phone calls & e-mail requests for my Transformational Channeled Reading appointments that I have had since the C. to C. show. So we just ask that if you will called or e-mailed us because you placed an order for the Book or DVDs, or want to order a Book & DVD, to just be as patience as you can, and if you have not received your order and/or heard back from us in the next few weeks, then please contact us again until we can dig ourselves out from under this massive avalanche of requests. On one hand we are in Overwhelm with this result of our guest appearance on C. to C. (according to official earth sources in the media, the C. to C. show is heard by well over 68 million listeners, but I am told that it is now actually much closer to 100 million listeners or more). But on the other hand, we are overjoyed that we have been given a chance by G-d and our Friends Upstairs to truly help Prepare Earth's humanity, by getting as many people as possible their own Boarding Pass otherwise known as Prepare For The Landings! And as I have also shared with so many I have spoken with over the phone in recent days, that we want to make sure that we definitely also not only fulfill these orders for all of those of you who are waiting for your Book & DVD's to be sent, but so you can get your Boarding Pass too mean, really, definitely, one of the most horrifying & terrifying moments one could ever have would be to be left behind here on earth when the Mother Ship leaves!

I understand it's worth the wait, I apologize for being so adamant about getting the book..all the things that you said rang so true to me during the show, I am excited to learn more about your experiences, I have not physically been on a ship that I know of but I do know that I visit frequently on the astro plane, I am a line haul driver from Salt Lake city, Utah to Carlin, Nevada during the night four or five times a week, these star ships keep me company all night, on that particular night when you were on the show it was a clear night, I was in view of the mother ship as well as the other big ships that I see, as well as the ships that fly along side of me, anyway I asked the mother ship if what you were saying was true and it moved up and down saying yes, they are cloaked as stars I can see the total outline of the ships other than the mother ships because they are so big that I can only see side to side they are about five hundred miles in width, the length is about a thousand miles there are three of them, two that I can see and one that is out between the red and green suns, if I ask them a question and they say no they move side to side, I have asked them if other guest on coast to coast were telling the truth most of the time they say no, I took a friend that was a critic out a couple of weeks ago and I pointed them out to her needless to say she is no longer a critic...they are now starting to reveal themselves to me I can see the ones that fly with me waving from the ships but it is too far to really see them all I see are figures not a real good view yet, I am sure that they will be letting me see them in the near future, I have a woman that does my ch-nneling, they tell

me that they are the Azez they are the largest r-ce of light beings, they are pure light and love. I have so many experiences that I am writing a book on it, I will say this though they are cloaked a processing plants, I have a couple that have picked up and floated or flew with me for a few miles with there smoke stacks putting out smoke or steam the whole time, they tell me that they are processing bio nutrients to help the earth.

Thanks
