I just got through having the library send off for the book called "Aferlives Of The Rich And Famous", by Sylvia Browne. It has now come in and I picked it up today. It talks about what the rich and famous people are doing now that they have passed over to the after-life. I will now put down the names of over 40 people who she has discussed. If there are any of them that you would like for me to report on, please just send your request by e-mail.

Here are the names:

Paul Newman, Marilyn Monroe, Cary Grant, George Carlin, Rock Hudson, Heath Ledger, Grace Kelly, John Kennedy Jr., Mattie Stepanek, Walter Cronkite, Abraham Lincoln, George Harrison, Katherine Hepburn, Brittany Murphy, James Dean, Sammy David Jr., Madalyn Murray A'Hair, Bette Davis, Anna Nicole Smith, John Belushi, Bob Marley, John Ritter, Farrah Fawcett, Patrick Swayze, Clark Gable, Johnny Carson, Sharon Tate, Natalie Wood, Elvis Presley, Dean Martin, Richard Pryor, Bela Lugosi, Chris Farley, Eva Gabor, Gregory Peck, Spencer Tracy, Albert Einstein, Ray Charles, Michael Jackson, Audrey Hepburn, John Candy, Ingrid Bergman, John Lennon, and Diana Spencer, Princess Of Wales.

So there you have them.
