Subject: Weird Experiences. Part 2 of 2.  
April 25, 2011.

This shows that we are going into 5d.

.....  
.....

This Earth-like world was where our Earth was being steered towards by the Dark Ones and the e-ite and it's what would have manifested as a primary world had the Expiration Date and Ascension Process not happened. In other words, there would not have been a separation of worlds if the Ascension Process had not happened.

As I said I've seen and felt this horrible probable world being designed and built year by year by the Dark Ones and their human el-te all of my Den-se life. I couldn't believe that the masses didn't realize what has been trying to manifest in this world and timeline and overtake them entirely. However, once the Starseeds/Lightworkers volunteered to i-carnate on Earth (think quantum and not linear) to take back the planet from the Dark Ones/eli-e and create a wide Pathway for the Light to return, this incomprehensibly negative probable Earth world has been slowed considerably and now will be prevented from manifesting any further (all that's finally happening in 2011 worldwide). But, it was headed in this direction prior to the start of the Ascension Process and I've spent my life seeing and feeling it and knowing where it was being directed. The negativity that's not been allowed to grow and manifest is almost beyond comprehension.

Over only the past couple of years I've perceived that this strong probable negative world won't be allowed to manifest anywhere. In other times it would have, but it won't now because of the Expiration Date. Mission accomplished on multiple levels, dimensions, and in multiple timelines.

TIME & SPACE ARE HIGHLY FLEXIBLE & CREATIVE

Because of the Ascension Process and Expiration Date many people are already experiencing periods of non-linear time and their consciousness starting to perceive multiple dimensions. Remember those mandatory awareness blinkers and amnesia we put on to incarnate into 3D physical reality in linear time? Now that we're Ascending/e-olving beyond the narrow band of frequency and consciousness that physical reality on Earth has been, we're starting to undeniably experience time and space in grander more complex ways. This is why so many people are experiencing time slips, time distortions, no time, timelessness or quantum consciousness, time accelerations, past/present/future b-eeding together and so on. The dimensional and time borders are gone and we're Crossing Over; linear time and single dimension consciousness doesn't apply in higher frequency dimensions above 3D.

All of the borders, boundaries, frequency and consciousness fences and linear time constraints that used to help us stay focused in 3D polarized linear physicality are dissolving rapidly now. It used to be very helpful having time be perceived as only linear, and physical reality as having very clear-cut borders so we couldn't wander off and get lost in another dimension and/or timeline. Oh but how all that is changing now! We're all driving but those helpful painted lines in the roads that kept us in our lanes and others in theirs are disappearing and we're learning how to get around in very NEW ways now in very NEW vehicles.

We're experiencing linear time and consciousness melting away (thanks to the brain Rewire) and us being in and perceiving increasingly quantum-ness or existing within the spherical NOW moment. This is us taking baby steps in 5D reality and consciousness now and slowly familiarizing ourselves with it

and  
how it feels, looks and functions. Guess what's coming next within this  
unfolding stair step Process?

After we've experienced non-linear time and multidimensional space a few  
times  
so we don't panic or get lost in the quantum multidimensional moment, the  
next step is us re-entering Universal Society. In other words, the  
Starbeings,  
ETs and many Others that have always existed out there in other dimensions  
and timelines will be within a close enough range to where we've  
Ascended/ev-lyed into that we'll be seeing and interacting with many of them  
finally. I believe we'll enter this NEW level of consciousness and being  
after we  
transition through the 11-11-11 portal/gate coming November 11, 2011.  
Every day, week, month and monthly 11-11 portal we move through between  
today up to November 2011, is us living this Process step by step and  
inching  
our way vibrationally closer to Ascended individual and collective contact  
with other-dimensional Beings, Starbeings, ETs etc.

So every time linear time disappears for you and you're not sure of what,  
where,  
when, why etc., go immediately into your High Heart Consciousness and BE  
and perceive from that space within your NEW 5D expanded self and awareness.  
The second you do that all the other crazy collapsing insanity holds no  
power  
over you because you know from a NEW space of High Heart feeling awareness  
that exists in a very different space and timeline. Get familiar with BEING  
more in a larger space and timeline so when you suddenly and unexpectedly  
have a face to face meeting with some Starbeings/ETs/Other Dimensional  
Beings you won't panic or get lost or confused or wonder if they're the  
"Good  
Guys" or the "Bad Guys"...you will simply know.
