The traitorous Prince marshaled the disloyal midway creatures and other groups of rebel personalities and organized them to execute his bidding, while Van assembled the loyal midwayers and other faithful groups and began the great battle for the salvation of the planetary staff and other marooned celestial personalities.

During the times of this struggle the loyalists dwelt in an unwallled and poorly protected settlement a few miles to the east of Dalamatia, but their dwellings were guarded day and night by the alert and ever-watchful loyal midway creatures, and they had possession of the priceless tree of life. Upon the outbreak of rebellion, loyal cherubim and seraphim, with the aid of three faithful midwayers, assumed the custody of the tree of life and permitted only the forty loyalists of the staff and their associated modified

mortals to partake of the fruit and leaves of this energy plant. There were fifty-six of these modified Andonite associates of the staff, sixteen of the Andonite attendants of the disloyal staff refusing to go into rebellion with their masters.

Throughout the seven crucial years of the Caligastia rebellion, Van was wholly devoted to the work of ministry to his loyal army of men, midwayers, and angels.

The spiritual insight and moral steadfastness which enabled Van to maintain such an unshakable attitude of loyalty to the universe government was the product of clear thinking, wise reasoning, logical judgment, sincere motivation,

unselfish purpose, intelligent loyalty, experiential memory, disciplined character, and the unquestioning dedication of his personality to the doing of the will of the Father in Paradise.

This seven years of waiting was a time of heart searching and soul discipline. Such crises in the affairs of a universe demonstrate the tremendous influence of mind as a factor in spiritual choosing.

Education, training, and experience are factors in most of the vital decisions of all evolutionary moral creatures. But it is entirely possible for the indwelling spirit to make direct contact with the decision-determining powers of the human personality so as to empower the fully consecrated will of the creature to perform amazing acts of loyal devotion to the will and the way of the Father in Paradise. And this is just what occurred in the experience of Amadon, the modified human associate of Van.

Amadon is the outstanding human hero of the Lucifer rebellion.

This male descendant of Andon and Fonta was one of the one hundred who contributed life plasma to the Prince's staff, and ever since that event he had been attached to Van as his associate and human assistant. Amadon elected to stand with his chief throughout the long and trying struggle. And it was an inspiring sight to behold this child of the evolutionary races standing unmoved by the sophistries of Daligastia while throughout the seven-year struggle he and his loyal associates resisted with unyielding fortitude all of the deceptive teachings of the brilliant Caligastia.

Caligastia, with a maximum of intelligence and a vast experience in universe affairs, went astray embraced sin. Amadon, with a minimum of intelligence and utterly devoid of universe experience, remained steadfast in the service of the universe and in loyalty to his associate.

Van utilized both mind and spirit in a magnificent and effective combination of intellectual determination and spiritual insight, thereby achieving an experiential level of personality realization of the highest attainable order. Mind and spirit, when fully united, are potential for the creation of superhuman values, even morontia realities.

There is no end to the recital of the stirring events of these tragic days. But at last the final decision of the last personality was made, and then, but only then, did a Most High of Edentia arrive with the emergency Melchizedeks to seize authority on Urantia. The Caligastia panoramic

reign-records on Jerusem were obliterated, and the probationary era of planetary rehabilitation was inaugurated.

#### 4. The Caligastia One Hundred after Rebellion

When the final roll was called, the corporeal members of the Prince's staff were found to have aligned themselves as follows: Van and his entire court of co-ordination had remained loyal. Ang and three members of the food council had survived. The board of animal husbandry were all swept into rebellion as were all of the animal-conquest advisers. Fad and five members of the educational faculty were saved. Nod and all of the commission on industry and trade joined Caligastia. Hap and the entire college of revealed religion remained loyal with Van and his noble band. Lut and the whole board of health were lost. The council of art and science remained loyal in its entirety, but Tut and the commission on tribal government all went astray. Thus were forty out of the one hundred saved, later to be transferred to Jerusem, where they resumed their Paradise journey.

The sixty members of the planetary staff who went into rebellion chose Nod as their leader. They worked wholeheartedly for the rebel Prince but soon discovered that they were deprived of the sustenance of the system life circuits. They awakened to the fact that they had been degraded to the status of mortal beings. They were indeed superhuman but, at the same time, material and mortal. In an effort to increase their numbers, Daligastia ordered immediate resort to sexual reproduction, knowing full well that the original sixty and their forty-four modified Andonite associates were doomed to suffer extinction by death, sooner or later. After the fall of Dalamatia the disloyal

staff migrated to the north and the east. Their descendants were long known as the Nodites, and their dwelling place as the land of Nod. The presence of these extraordinary supermen and superwomen, stranded by rebellion and presently mating with the sons and daughters of earth, easily gave origin to those traditional stories of the gods coming down to mate with mortals.

And thus originated the thousand and one legends of a mythical nature, but founded on the facts of the postrebellion days, which later found a place in the folk tales and traditions of the various peoples whose ancestors had participated in these contacts with the Nodites and their descendants. The staff rebels, deprived of spiritual sustenance, eventually died a natural death.

And much of the subsequent idolatry of the human races grew out of the desire to perpetuate the memory of these highly honored beings of the days of Caligastia.

When the staff of one hundred came to Urantia, they were temporarily detached from their Thought Adjusters. Immediately upon the arrival of the Melchizedek receivers the loyal personalities (except Van) were returned to Jerusem and were reunited with their waiting Adjusters. We know not the fate of the sixty staff rebels; their Adjusters still tarry on Jerusem. Matters will undoubtedly rest as they now are until the entire Lucifer rebellion is finally adjudicated and the fate of all participants decreed.

It was very difficult for such beings as angels and midwayers to conceive of brilliant and trusted rulers like Caligastia and Daligastia going astray committing traitorous sin. Those beings who fell into sin they did not deliberately or premeditatedly enter upon rebellion were misled by their superiors, deceived by their trusted leaders. It was likewise easy to win the support of the primitive-minded evolutionary mortals.

The vast majority of all human and superhuman beings who were victims of the Lucifer rebellion on Jerusem and the various misled planets have long since heartily repented of their folly; and we truly believe that all such sincere penitents will in some manner be rehabilitated and restored to some phase of universe service when the Ancients of Days finally complete the adjudication of the affairs of the Satania rebellion, which they have so recently begun.

#### 5. Immediate Results of Rebellion

Great confusion reigned in Dalamatia and thereabout for almost fifty years after the instigation of rebellion. The complete and radical reorganization of the whole world was attempted; revolution displaced evolution as the policy of cultural advancement and racial improvement. Among the superior and partially trained sojourners in and near Dalamatia there appeared a sudden advancement in cultural status, but when these new and radical methods were attempted on the outlying peoples, indescribable confusion and racial pandemonium was the result. Liberty was quickly translated into license by the half-evolved primitive men of those days. Very soon after the rebellion the entire staff of sedition were engaged in energetic defense of the city against the hordes of semisavages who besieged its walls as a result of the doctrines of liberty which had been prematurely taught them. And years before the beautiful headquarters went down beneath the southern waves, the misled and mistaught tribes

of the Dalamatia hinterland had already swept down in semisavage assault on the splendid city, driving the secession staff and their associates northward.
