If you believe that Bin Laden was recently k-lled lately then more power to you. Here are some people who think otherwise.

.....
.....

Welllllllll, let's hope this is the last time they drag the boogeyman out of the closet

Supposedly they kil-ed him and he is now "conveniently" buried at sea

Bin Laden has been dead for years even the C-A closed down their search in 2005 because they knew he was d-ad.

The man was 6'9..... yes, 6'9" like Peter the Great of Russia how do you hide a 6'9"..... let's also throw in the fact that he was on kidney dialysisthose machines are available In every cave he supposedly hid in and of course all those caves had electricity to run the machine on and the doctors and nurses were there as well NOT

Come on People how s-upid to do you have to be to believe this smoke and mirrors dance the only good thing that will come out of this is the fact they can't keep dragging out the boogeyman and "his videos" to justified w-r after wa- and scare the Sheeple however, you won't see any troops coming home you have to ask yourself why notlet me know the answer

I have included a couple of links here if you want to research for yourself of believe what the go-ernment is trying to shove down your throat

if still in doubt ask yourself

why the burial at sea
why aren't the troops coming home
how could a man on kidney dialysis last ten years in the roughest of countries

The Net has real information and why gover-ments hate it so much, because you can find out facts they don't want you to know

This was my first thought as well desert people have burial AT SEA.
.... come on people wake up

Bin Laden Buried at Sea

02 May 2011
by Scott Creighton

It's just so s-upid.

The story being reported now is that they buried bin Laden at sea according to Islamic law. What part of the law of the people of the desert deems it customary to bury people at sea?

Do they really think the American people are that st-pid?

The body of bin Laden has been dumped over the side of a ship never again to be retrieved, never again to be examined, never again to be questioned except by us co-spiracy th-orists who would dare to investigate the facts surrounding the national mythology of 9/11.

The story will be that they had to do that rather than risk angering Muslims because according to Islamic tradition, the body of a de-d person must be laid to rest within a day after they d-e.

That is rid-culous coming from a nation that is currently locking up carpenters and sheep herders at Gitmo and Bagram for doing nothing more than wearing a cheap Casio watch.

That is r-diculous coming from a nation who shocked and awed over a million Muslims put to de-th at the start of a w-r based on nothing more than lies and innuendo.

That is rid-culous coming from a nation where a w-ite-trash piece of s-it pastor holds a trial and burns a Koran for a little bit of publicity.

In short, that's just ridic-lous.

All across the media spectrum perky, retarded repeaters are sitting on sensible couches spewing their mistaken talking points and trying to sound irreverent. It is offensively stu-id.

You want to read something that isn't stupi-? Read this

Renowned Je-ish-Am-rican scholar Noam C-omsky says US invasion of Afghanistan was i-legal since to date there is no evidence that al-Qaeda has carried out the 9/11 attacks.

The explicit and declared motive of the [Afghanistan] -ar was to compel the Taliban to turn over to the Uni-ed States, the people who they accused of having been involved in World Trade Center and Pen-agon te-rorist acts. The Taliban they requested evidence and the Bu-h administration refused to provide any, the 81-year-old senior academic made the remarks on Press TV's program a Simple Question.

We later discovered one of the reasons why they did not bring evidence: they did not have any. The poli-ical analyst also said that nonexistence of such evidence was confirmed by F-I eight months later. Press TV

Yes, the FB- confirmed they had no evidence that bin Laden attacked us on 9/11. And yes, the Taliban offered to hand over bin Laden if P-esident Bu-h were to hand over the evidence or at least let them see it. Bus-never replied. Bin Laden himself stated in one of the last confirmed messages he released, that he had nothing to do with 9/11.

And yet, here we are.

The PR firms contracted by the State D-partment are out in force trying to make it look like Americans are celebrating this great victory. They used their social media tools to gather themselves together in fake flash mobs but if you look real close they all look like the 20 something marketing flunkies working for the internet marketing companies that they really are.

Just like the fake rebels in Libya, they're only fooling themselves.

The most important suspect in the past 10 years has been k-lled so that there will never be a trial, never be a real investigation.

Like Dr. I-ins an Lee Harvey O-wald, the story is sealed shut before it ever sees the light of day. All we are left with is the official conspi-acy theory and whatever clever spin the MSM can come up with.

The most important earthly remains of the past 10 years have been dumped over the side of a ship for no apparent reason, long before independent investigators could confirm it's identity.

This story will dominate the news cycles while N-TO and her member states plan the ill-gal ground invasion of Libya, while the Libyan people bury the bodies of Gadhafi's son and grandchildren.

It's just so d-mn st-pid I don't think I can take it anymore.

Bin Laden Not Wanted for 9/11

The 'F-I has no hard evidence connecting Bin Laden to 9/11'.

Vice Pr-sident C-eney says, 'We've never made the case, or argued the case, that somehow Osama Bin Laden was directly involved in 9/11'
by Enver M-sud

SUGGESTION: Read the FREE Ebook -- "9/11 Unveiled"
Watch author's rebuttal of The 9/11 Commission Report

The F-I's "Most Wanted Terro-ists" web page does not state that Bin Laden is wanted for the September 11, 2001 attacks on the World Trade Center and the P-ntagon.

The -BI page states: "Usama Bin Laden is wanted in connection with the August 7, 1998, b-mbings of the U-ited States Embassies in Dares Salaam, Tanzania, and Nairobi, Kenya. These attacks k-lled over 200 people. In addition, Bin Laden is a suspect in other te-rorist attacks throughout the world."

When asked why there is no mention of 9/11 on the -BI's web page, Rex T-mb, the F-I's Chief of Investigative Publicity, is reported to have said, "The reason why 9/11 is not mentioned on Usama Bin Laden's Most Wanted page is because the FB- has no hard evidence connecting Bin Laden to 9/11."

In the months leading up to the Septmber 11, 2001 attack, it is reported, the Taliban "outlined various ways bin Laden could be dealt with. He could be turned over to the EU, kil-ed by the Taliban, or made available as a target for Cruise missiles." The B-sh administration did not accept the Taliban's offer.

"On September 20, 2001," according to the Guardian, "the Taliban offered to hand Osama bin Laden to a neutral Islamic country for trial if the US presented them with evidence that he was responsible for the attacks on New York and Washington. The US rejected the offer."

On September 23, 2001 the BBC reported that four of the hijack "suspects" - Waleed Al Shehri, Abdulaziz Al Omari, Saeed Alghamdi, and possibly Khalid Al Midhar - were alive, and that F-I Director Robert M-eller acknowledged "the identity of several of the suicide hijackers is in doubt."

Bin Laden, in a September 28, 2001 interview with the Pakistani newspaper Ummat, is reported to have said:

I have already said that I am not involved in the 11 September attacks in the Un-ted States. As a Muslim, I try my best to avoid telling a lie. I had no knowledge of these attacks, nor do I consider the k-lling of innocent women, children and other humans as an appreciable act. Islam strictly forbids causing harm to innocent women, children and other people. Such a practice is forbidden even in the course of a battle.

Experts dismiss the video tape "found in a house in Jalalabad", Afghanistan, which allegedly shows Bin Laden confessing to the September 11 attacks. In a December 20, 2001, broadcast by German TV channel Das Erste "two independent translators and an expert on oriental studies found the W-ite House's translation not only to be inaccurate, but manipulative."

-BI Director Robert M-eller, in a speech at the Commonwealth Club on April 19, 2002, said: "In our investigation, we have not uncovered a single piece of paper - either here in the Un-ted States, or in the treasure trove of information that

Bin Laden.

has turned up in Afghanistan and elsewhere - that mentioned
any aspect of the September 11 plot."

In fact there are no Arab names on the partial list of
passengers on the 9/11 flights.
