Selamat Jarin!

We return! Much is happening! The Ascended Masters are working on finalizing the prosperity payouts. These payments are to commence shortly. Saint Germaine is having his World Trust finish up the accounting and disbursement of your prosperity funds even as we now speak to you. Further, our Earth allies are in a position of power regarding several of the required g-vernment changes. What remains to be done is for the leftover custodial tasks to be fully completed. With these done, our Earth allies can quickly implement the new financial system. This new system is to be based upon a sound number of selected hard currencies that are already in place at several designated depositories and ready to be distributed globally. The activation of this system depends on the prosperity payouts and Saint Germaine is currently seeing to it that these funds are released. These funds form the legal underpinning of the various scenarios that our Earth allies have in place. We also expect Disclosure to be announced by your new leadership no later than the start of summer in the Northern Hemisphere.

The new gove-nments are to come to power with several common objectives. The first is to begin a complete reform of govern-ent. The former masters of your world were given to corruption, lies, and outright deceit. The countering steps are to abolish polit-cal parties and open up gove-nment to the general public. This is where we need your active support rather than mere lip service. We intend to ask you to learn about fluid group dynamics and to apply it to this cause. Rebuilding your governme-ts requires an active relationship between citizens and their representatives. This can be the first goal of your new reality in which all of you can have a hand. It is an opportunity for you as a collective to forge an intermediary between the present types of gov-rnance and a fully functioning galactic society. The coming times are truly about contact with your spiri-ual and space families and the wondrous ride to full consciousness. This process is behind all that is now beginning to happen around you.

We the Ascended Masters of Mother Earth salute you, dear Brothers and Sisters! We come to inform you that the next brief period of your history is to be marked by the distribution of many different prosperity funds. These monies are being given to a variety of specially selected individuals who had the foresight to participate in programs conceived by us and administrated by individuals chosen at random by a number of secret societies dedicated to the Light. These programs, as they pay out to these selected individuals, have a d-vine purpose behind them. These monies are first of all being given to start a chain of events which create a legion of organizations focused on bringing to humanity the s-cred message of H-aven. You are going to be returning to full consciousness. We have been instructing various Light-Workers on how to employ these funds to convey Hea-ens desires to you. Our deepest wish is for these changes in your world to happen easily and swiftly!

As we have stated, the Di-ine Will of He-ven has decreed that your

present reality collective be altered to a fully conscious one. This implies that those who now "control" you need to let go, and we have set up the framework to bring this about. We have received the necessary dispensation from Earth's hea-enly tribunals to use our abilities to remove these dark ones from power. This is to be done once the funds, now held by our Brother St. Germaine, are primed and then released by him. Long ago, we all agreed that indeed a time would come when an A-e of Light was to appear again on Earth. This is that time! We are therefore prepared to do all that is necessary for your success! We have instructed many Light-Workers on these matters. The time comes for many of these same Light-Workers to reveal what we have been telling them. We are committed to the victory of the Light! This triumph is here! We stand with our allies in the Light and welcome them all in joy!

We the Galactic Federation stand, as well, with the s-cred edicts of Heav-n! The Ascended Masters of Earth are fully dedicated to your return to full consciousness. Our fleet has worked with these amazing So-uls since we first came here over two decades ago. The present scenarios for contact were originally conceived by them and immediately adopted by us. We have been in contact with your gove-nments in one form or another since the late 1940s. These numerous exchanges until recently were largely ceremonial in nature and quite unproductive. Now we have their full attention. They listen closely and are quick to comment officially on what we offer them. Our intent is to follow the excellent lead of your Ascended Masters, and it is within this context that our Liaisons and Ambassadors are offering a means by which to effect go-ernment transition and a new politic-l reality. We expect this new situation to manifest swiftly! The time for your destined freedom has arrived!

As you can see, much is transpiring to forge a new world for you. We expect you to participate in this process. Many of you have been privy to our messages for a while, and we wish a favor from you. Use your knowledge along with your innate and learned abilities to make your communities aware of what is going on around them. Come together to form a group. This can be either one or two, or many. Use the like-minded among you to create programs which bring these subjects to your community's attention. Here, 'community' can refer to a town or city, or even a much larger area. Whatever the case, be creative. Start by simply doing a service for the community, and then use this as a starting forum for the information you wish your community member, be creative. An art display or brief video can be very effective. The key is to express your joy!

The recent headway made toward transformation, dear ones, has got to a point where it requires you to come together and help each other. Each of you has some knowledge of how you are to morph into galactic humans. Share this with each other. Create a milieu conducive to talking about these subjects openly and freely. It is one thing to hear this information coming out of a television set, but it is quite another to hear it with the Love and caring that emanates from someone you know. There is no substitute for the personal touch, of hearing it from a friend or neighbor. We intend for this sacr-d transition to full consciousness to be filled with a touch of the Di-ine! This work is a sac-ed task. It is one that began nearly 13 millennia ago and we are now doing what is needed to bring He-ven back to you all. We are your Ascended Masters!

Today, we explained to you how close you are to your long-sought victory! The Ascended Masters (such as Count St. Germaine, Hilarion, and Paul the Venetian) are completing sacr-d tasks that are to ensure your freedom and prosperity. The time is upon you for celebration, and for the requisite for you to take on a whole new level of personal and collective responsibilities. Know, dear Ones, that the countless Supply and never-ending Prosperity of Hea-en are indeed Yours! So Be It! Selamat Jarin! Selamat Ja! (Sirian for Be One and Be in Joy!)
