Report: Bin Laden Already D-ad Wednesday, December 26, 2001

<http://www.foxnews.com/story/0,2933,41576,00.html>

Usama bin Laden has -ied a peaceful de-th due to an untreated lung complication, the Pakistan Observer reported, citing a Taliban leader who allegedly attended the funeral of the Al Qaeda leader. Bin Laden, according to the source, was suffering from a serious lung complication and succumbed to the d-sease in mid-December, in the vicinity of the Tora Bora mountains. The source claimed that bin Laden was laid to rest honorably in his last abode and his grave was made as per his Wahabi belief.

About 30 close associates of bin Laden in Al Qaeda, including his most trusted and personal bodyguards, his family members and some "Taliban friends," attended the funeral rites. A volley of bullets was also fired to pay final tribute to the "great leader." The Taliban source who claims to have seen bin Laden's face before burial said "he looked pale ... but calm, relaxed and confident.".. clip..

S-eve's Note: Osama bin Laden was gravely ill at the time of 9/11/01, (and was receiving kidney dialysis to stay alive in the summer of 2001, according to French media.) That Osama would still be alive in 2011 is slim to none. The fact that the mi-itary disposed of his body 'at sea', (making confirmation of the truth of his de-th impossible, raises additional questions to the legitimacy of this claimed de-th.)

Like was done with the 'claimed' capture of Saddam Hussein in December of 2003, the photo op supposedly showing his capture has two GI's with M16's aiming their weapons down a spider hole in Iraq, in the background of that photo are a couple of fig trees, (filled with figs), and additionally, meat

is hanging drying in the summer sun. Figs do not grow in December in Iraq, and meat is not died on trees at that time. The photo of the 'claimed' capture was clearly taken in the summertime, not as claimed in December. The reason this story was released in December, was the s-xual abuse, and torture that occurred at Abu Garib prison had just hit the media, and the public needed to be distracted by some similar large story, to keep the Iraqi

outrage at a reasonable level. Claiming the capture of the largely h-ted Saddam Hussein, accomplished this need. The man claimed to be Saddam had a mouth full of rotten teeth, (unlike the real Saddam that had perfect dental work, due to his wealth and position.) The man was clearly not Saddam, as his wife that visited this man in prison, also claimed.

The claimed death of Osama at this time, (May 2011), is likely to accomplish several purposes: It is designed to get the A-merican public to continue to support of very unpopular w-rs. It is designed to stigmatize Pakistan, (in order to allow continued a-tacks on that nation, where this supposed compound where Osama is claimed to have been hiding was found); and, to gain support for the ree-ction of the current p-esident, (whom is greatly di-liked by many members of his own party, due to his failures to do what he said he would when he ran for election, and whom would surely have been hard pressed to gain re-lection, with such low popularity ratings, as he has had over many months.

Understand that 9/11, and the subsequent -ars, are additional pr-paganda stories, to convinced the Ame-ican and global public to support w-rs for profit, and te-ritorial domination. Nothing of what you read in the me-ia concerning these topics are true. The persons that are terr-rizing the planet, are not Islamic jihadists, but rather the people behind the profit and te-ritorial gain motives that are the true cause of these activities. If America and the world are ever to be free these actual te-rorists will need to be addressed.
