In a few days I was connected with a woman who was, in fact not only using the specific digital recording device that I needed, but also had contacted me to experience one of my Transformational Ch-nneled Readings. She, too, of course, has told me how when she was playing back the recording of her own Chan-eling session, either still in digital format before she transferred it onto a CD, or later when she had transferred it onto a CD, in both formats, she was definitely hearing many more things each time she played it back than the first time. So here was another confirmation that this process was, indeed, occurring as A-htar had told me would occur, once I had converted my recording format to digital and/or CD.

The little Sony digital recording device that I now have, is about four inches long, about an inch across, and a little over an inch to --- inch in thickness (model #: CD-SX750), the extremely small CD (& DVD player) burner or dubber is literally about 4 to 5 inches on each side, and is about -----to inch in thickness, and is called the Slim. The only real challenge I had was finding a source for 90 min. CD's verses the normal 74 min. CD's that are normally the longest available on the market. But these, too, I was able to obtain. It's always great, of course, having an excellent Cosmic Back-up Team who not only protected me and saved my life many time (as I have shared quite in-depth in my book *Prepare For The Landings!*), but who also helps connect me with all the things that I need to help me fulfill my own mission, so that I can help everyone else more consciously understand their mission & fulfill theirs as well, and which also helps us all to Prepare For The Landings!

Also, about a week ago, another fellow Light Worker that I also just did a Transformational Chann-led Reading for (on May 4th), had mentioned something right at the end of her own Channe-ing session; a very wonderful and inspiring Testimonial statement about what she had just experienced during her own session. This statement she had spontaneously and sincerely had expressed to the female-G-ddess Cosmic Being of Light, Lady Aphroditie, who was C-anneling thru me besides L-rd As-tar who had come thru in the first part of her session. And because of how inspired she was with what she had just heard and experienced all during her Cha-neling session, she had been guided, as stated, to have expressed her own heart felt joy and inspiration about her own session, and decided to allow me to share her own words about what she had just experienced with others:

*I would just like to thank you for Connecting; I would like to thank you for the Messages. Especially, it sounds to me, it was all something that I have taken in was what I have experienced, of information that was deep seated within, was coming up, and I can Confirm it, of being totally Connected with. And I can feel the Love, I can feel the Energy, and then Humor, yes that's the part of that, for me, always feel the Lightness again. So a lot of it, Confidence was given, of seeing the Bigger Picture, I would say, within it, which I really could see with all that. And for me, it has brought a lot of Confirmation. A lot of Confirmation and even in areas that I was considering. It is amazing to me, and to your work, included in this Energy. And I'm really excited about more, even to open up with that Energy because of being into that state. And the Awareness and the possibility of recognizing that it *[her own Transformational Healing abilities]* can be done instantly. It's just amazing and that's all opened up for me, like, ah, that maybe what's been in increments is now possible all at once. I can now see the journey of experience of Transformation, that

is happening. And everything that was spoken it was almost like I was right there with each one of you* [Lo-d As-tar & Lady Aphroditie, who were Chann-ling], *it was so not a strange language. It was just like I felt like I was there with you all, and yet like I was there all the time, and I'm Home with my* [Cosmic]* Family Members, and so it was a very joyous and beautiful experience. And all the rest of it. But it is about the future, I definitely see a bright future, I see a bright Light for this Earthly plane also for everyone, and holding onto that Energy.*
