Subject: Extraterrestrials. Part 6.

This talks about some space people who are like us and are trying to help us.

These greys have their best known bases in New Mexico and Nevada but are also known to have bases in many countries of the world.

GREY TYPE B: Tall Greys from Orion.

Usually about 7 to 8 ft. tall (reports often exaggerate their height as being 9 to 12 ft.) with facial feature somewhat similar to grey type A with the exception of the large nose found on type B greys. These greys also have technologies that allow them to perform certain actions that appear "m-raculous." These greys are less viscous towards humans than type A greys (but are still considered "h-stile".) They tend to influence more through po-itical controls and negotiated agreements with those in power. Their main bases seem to be in the Aleutian Islands. These are the type seen not long ago in Eastern Russia.

GREY TYPE C:

These are the shortest of the greys and tend to be about 3.5 ft. tall. Their facial features are very similar to the Zeta Reticuli greys and are of the same "root r-ce.". They are just as ho-tile to humans as the Zetas. They are from a star system near the shoulder of Orion called Bellatrax.

GREY TYPE E:

Human/Grey Hybrids One of the main ET projects, now in the completion stage, is the hybrid program. The goal of this project is to produce a being combining the best physical and mental qualities of both races.

The following description is of a hybrid female, approximately fifteen years old. Height is five feet, three inches; skin color is pale white/grey. The head is slightly larger and rounder than normal. Hair is dark, high above the forehead, and worn in a very long ponytail. The face is very fine-featured, and attractive.

Like all the beings discussed in this paper, her main method of communication is t-lepathic. This has allowed a deeper understanding of her intellectual and emotional make-up. They consider themselves human, not Grey, in almost all respects. They care about the Greys, as any child would a parent, but find them agonizingly boring. The desire for human contact is greater than all others. Their capacity for emotion is as great, if not greater than, humans. Any physical attribute more human than Grey is a great source of pride. Their intellectual capacity is well above human standards. It is very likely they will exceed the capabilities of both rac-s.

GYPSIES

Several sources refer to the Gypsies as having some connection with the UFO mystery. Other sources suggest a connection with high-tech subsurface kingdoms such as Agharti, etc. The knowledge which the Gypsies allegedly possess of an ancient w-r, UFO craft, and so on is supposedly a carefully guarded se-ret among various Gypsy tribes. Some claim to have traced the Gypsies back to ancient India or surrounding regions. The infamous

Philadelphia Experiment information source, Carlos A-lenda, was allegedly part of a Gypsy clan with knowledge of past and present "history" on alien cultures which have interacted behind the scenes in Terran affairs. More information

HAV - MUSUVS - (or Suvians)

Prominent in Paihute Indian tradition,

Hav-Musuvs were allegedly an Egyptian or Grecian-like sea-faring race who discovered huge caverns around 3 to 5 thousand years ago within, and later deep beneath the Panamint Mountains of California. Within these they then established their vast underground cities. When the inland sea (now Death Valley) which connected the ocean in ancient times dried up, they had no way to carry on trade with other parts of the world. As a result of this, according to

Paihute Indian tradition, they began to build and fly silvery eagles which became increasingly advanced as time went on. They then evidently established interplanetary and later interstellar travel, exploration and colonization. This huge facility is now operating as a MAJOR Federation base on earth, and possesses huge chambers with differing environmental, atmospheric and even gravitational conditions to accommodate the various visiting Federation dignitaries.

HOMINS

"Homins" is the name given to large, human-like creatures that are reported across the world.

HU-BRID

Hybrids possessing reptilian and human genetic coding yet who possess a human soul-matrix.

HYADEANS

The Hyades in the constellation Taurus, like the Pleiades and Vega, are said to have been the destination of yet another group of refugees from the ancient Lyran w-rs.

HYBRIDS - Reptilian

Since human and reptilian beings are genetically so different in their physical make-up a natural hybrid between the two is impossible. However an unnatural GENETIC alteration, in essence splicing human and reptilian genes, has allegedly been attempted. Even if this were accomplished the offspring would not be an actual hybrid (half human - half reptilian) but would fall to one side or the other. Since reptilians possess no soul-matrix as do humans but instead operate on a collective consciousness level, the hybrid would be human or reptilian depending on whether they/it was born with or without a soul-energy-matrix. In most cases one might tell the difference if the entity had round-pupils as opposed to black opaque or vertical-slit pupiled eyes; or five-digit fingers as opposed to three or four; or external genitalia as opposed to none. This may not always be the rule, especially when the chameleons are considered. Some of the hybrids without souls are fed with human soul energy in an attempt to engraft an already existing human soul-matrix into the hybrid.

HUMAN TYPE ALIENS HUMAN TYPE A:

These are of a genetic base similar to humans of earth. They appear of "normal" height (5-6ft?) and tend to be fair-skinned with blonde hair. These entities have been abducted by the greys or are the offspring of abductees and have been trained by the greys as servants. These entities are totally subservient to the greys.

HUMAN TYPE B:

These are aliens of similar genetics to earth humans and also, it seems, of the humans that serve the greys. These are from the Pleiades and are also of the blonde, fair-skinned appearance. This type is of a genuine highly evolved, spiritual, benevolent variety and have a kinship toward humans and are the only aliens to be truly trusted by earth humans at this time. They had at one time offered to be of assistance to earth leaders in dealing with the alien situation here but were rebuffed and so have taken a kind of "hands off" approach for the time being. These aliens are supposedly the forefather race of humankind. These are apparently not on earth much at this

time due to serious problems in the area of their home.

HUMAN TYPE C:

Very little is known about these. They are supposedly another of the highly evolved, spiritual type of great benevolence to earth humans. I understand that their appearance is similar to other human-type aliens. They are from Sirius and don't appear to be much involved with earth happenings at this time other than being concerned about the Grey scenario. They could desire to be of help to humans. There are other known human type aliens of this "more highly spiritually evolved" nature that are apparently aware of the situation on earth and considering some possible course of action. These are from Arcturus and Vega. The following article appeared in the summer 1993 edition (vol. 3 no. 2) issue of UFO Universe magazine.

[GROUP A] Non Earth-Born Humans This GROUP consists of three peoples from three distinct colony zones, namely Sirius, Pleiades and Orion. Genetically, they are nearly identical to Earth-born humans with the following exceptions. Abductees refer to these beings as the tall. Males average up to approximately seven feet in height; females, six and a half feet. They are extremely fine featured, pale in complexion. Eyes are almond shaped, slightly slanted with a natural black liner, much like the renderings of ancient Egyptian royalty. There are three hair colors apparently related to colony origin: blonde (Pleiades), red (Orion), and black (Sirius). The insignia of these combined human races is a triangular arrangement of three spheres. This symbol has deep significance, and is found throughout Earth history. History records these beings as goddesses, gods, devas, etc. A subgroup of GROUP A females is in command of most Terran projects. [GROUP B] Earth-Born Humans These are Homo Sapiens whose origin is the planet Earth. They can be divided into two separate classes. [Class A] (Ancient) - These humans were the companions and house servants of a GROUP A military mining and occupation force. When this force left the Earth sometime between 1,000 BC and 3,500 BC, it was decided to remove all humans that had been in close proximity with them. It was felt that leaving them would only further disrupt normal human development. Class A humans are on an equal level with GROUP A and cooperate fully in all Earth projects.
