The Dulce Files

A DULCE VANGUARD AT DEEP SPRINGS?

It has been fairly well established that the Dulce, New Mexico network is the largest and most significant alien [Reptiloid/Gray] base network in North America. However according to one source there is also another 'nest' near Deep Springs, California. This [Dulce-connected?] base -- because of its proximity -- may pose an even greater threat to the humanoid residents of the `subterranean network' who have major city-complexes below California: Mt. Shasta, Panamint Mountains, 29 Palms area, etc. These colonies are reportedly being contested by 'Draconian' vanguard positions near Lakeport-Hopland, Mt. Lassen and Deep Springs, California. On the other hand, some of the non-interventionists 'Nordic' cultures reportedly have their own forward positions near the Four Corners or Colorado Plateau region where the Reptiloids/Greys have their major center of activity. Then there are other areas BETWEEN the two sectors [between the Andro-Pleiadean bases centered under Death Valley and the Draco-Orion bases centered under Archuleta Mesa] where the 'collaborators' meet.

There are basically three alien networks at work on earth: The Anti-Grey Nordic [Federation] factions, the Anti-Nordic Grey [Empire] factions and the Nordic-Grey collaborators, which would also include those Terran intelligence agencies and o-cult lodges who are involved in the collaboration for whatever motive. Even within the collaboration, there is a great deal of struggle over whether the humanoid or reptiloid agendas should have the upper hand. Within the collaboration itself 'speciesism' [akin to r-cism] exists at certain levels, so in spite of the species prejudices the collaboration continues nevertheless because of a 'marriage of convenience'. In other words the Greys want to take over the planet and impose a s-ave society to ultimately serve their empire, but the need the I-luminati's international economic connections to do so; and the Il-uminati wants the same thing but they realize that they need the alien mind-control and abduction technology to accomplish their goals.

So then, it is more of a love-hate relationship. They collaborate in order to set up a planetary g-vernment, however both the humanoids and reptiloids are constantly plotting for the time when the world go-ernment arrives so that once it is established they can move-in and take full control and expel the necessary collaborators -- the humans doing away with the Greys or the Greys doing away with the humans or whatever the case may be. For instance the Ill-minati might negotiate with the Greys while at the same time develop SDI w-apons to potentially use against them. On the other hand the Greys may continue negotiating with the humans while at the same time implanting micro-electronic mind-control devices in the human agents with whom they negotiate in order to ensure that they remain under ALIEN control once the planet succumbs to the New W-rld Order. So a one wo-ld gov-rnment will NOT bring peace to the planet, it will merely be a matter of fighting for control of one super-gover-ment rather than for many smaller ones.

What many do not realize is that there appears to be a third element behind this agenda, a 'r-ce' of p-raphysical entities that some might refer to as the 'Luciferians' or the 'Poltergeists' -- who are often described, by abductees who have encountered them, as being in the appearance of quasi-physical etheric or energy beings who have often been seen overseeing and directing the actions of the humanoid-reptiloid collaborators.

Although it might sound simplistic to imply that this cosmic battle is essentially being fought between the 'Nordic' bases near Death Valley and the 'Grey' bases near Archuleta Mesa, the true fact of the matter is that when we are dealing with multi-levelled subterranean systems the 'border zones' are a little more complex than on the surface, where we have obvious horizontal borders between countries. In 'inner-planetary' warfare the 'battle-lines' are horizontal, vertical and in some cases inter-dimensional. The battle would be one that is being waged above, below and within our society, even though the outward manifestations of that 'war' might not be immediately seen for what they are, unless one is aware of the REAL conflict behind the scenes. There are also indications that at least CERTAIN factions of the N-A-M-12-C-A-AVIARY agencies have 'defected' from the neo-Nazi New World Order agenda of "joint interaction" with the Reptiloids/Grays, and are now AT -AR with the same...

Recently a researcher with the initials K.S., was approached by the family of a U.S. Intelligence worker [O.S.I.] by the name of 'T-cker', who had disappeared mysteriously.

The family was concerned and frightened as they had discovered, in a personal locker of his, SEVERAL papers describing INTIMATE details of activities surrounding the Dulce, New Mexico and Nevada [S-4, etc.] underground installations. Several of these papers are reproduced throughout this present work. Among this large stack of papers was hidden the following letter which was stamped 'S-CRET'.

The letter, copies of which were apparently also in the hands of a few other researchers as well, stated the following:

"Dear John...

"I am writing to you in the event that I do not return.

"There is a triangle surrounding the Nevada Test Site.

"There are in fact two of them. Each one frontiers on the other. One is the ELECTRO-MAGNETIC TRIANGLE, installed by -J-12.

This is a shield to protect the 'Benevolents' [very human looking] from the EBES (the so-called "Extraterrestrial Biological Entities" or Grays - B-anton) while they help us develop our counter-attack/defenses. The other is the EBES' 'trap' keeping the Benevolents in the redoubt... At each corner of the EM Triangle you will find B-M stations and they are the transmitters of the shield.

"Facing each one of these is an EBE transmitter... THERE ARE MANY OF THESE STAND-OFFS THROUGHOUT THE WORLD. It is important that you do not interfere by attempting to destroy one of their 'surrounds', they would be able to 'double-up' somewhere else and overthrow that position. Once that link is over-thrown, our support team would fail. Their over extension is deliberate on our part. We are like the Chinese, we can't out technology them but we can out number them. Especially since they can't breed here and it is too far for them to go back home without our help. Many of our EM Triangles are used to keep them over extended. They can't get out of our solar system because our electro-magnetic field (at this time? - Br-nton) is the wrong frequency for their propulsion system to work efficiently. This explains why the EBES can not commit more vehicles to our solar system."

There have been comments among some 'contactees' to the effect that occasionally the Solar system passes through areas of differing electromagnetic variations as it moves in and out of cosmic energy streams that flow through the universe like a vast universal electromagnetic 'circulatory system'. Certain energy fields are conducive to certain types of propulsion systems whereas others are not, and in these cases alternate or more 'conventional' forms of propulsion must be resorted to. Some even suggest that large ships disguised as asteroids, planetoids or even comets are being used by the Greys and Reptiloids in order to get around this propulsion problem and also to conceal their presence. These 'engineered' planetoids are accompanied with conventional drives to serve as platforms for various operations: abductions, implantation's, mutilations, and also mind control and infiltration activities taking place on or under planet earth. All of this would seem logical, so as not to attract a great deal of attention and in return resistance from the masses. Some of these converted 'planetoids' have been identified as Geographos, Phobos, and even Hale-Bopp comet -- which is accompanied by many unusual anomalies not observed in most 'comets'. For instance Hale-Bopp comet was 1000 brighter than Haley's Comet was at the distance from the sun where it was 'discovered'. This is because the 'halo' is NOT caused by ICE-GAS being blown from the surface of the object by solar winds as in the case of most comets. For some unexplained reason THIS comet is ejecting 7 large streamers or jets of DUST-GAS from its INTERIOR, many of these jets activate and deactivate at regular

Deep Springs.

intervals. THIS is what creates the halo, and because of this the halo might have a distinct appearance when compared to past comets.
