Here is what the Cosmic Awareness thinks about the number 666.

.....
.....

That is one reason why the power plant was targeted and HAARP technology used against it. There is a report out that speaks of this event but there is a degree of disinformation involved in that which is presented. This Awareness feels complete with the presentation of this information at this time.

666-The-Sign-Of-The-Beast

Questioner: (Thank you). We'll start with the questions now. This one comes from Kathy K-vany. She writes, "I haven't heard for a long time about 666, the sign of the Beast. What is that... or when will that be?"
Your comment please?

Cosmic Awareness: The number 666 was a number that in ancient times had no association whatsoever with the sign of the beast or the mark of the devil.

Those who understood frequencies, those who understood the old numerological language, understood that 666 was the sign rather for the solar entity, that which is Sol or the Sun. It was the number of high illumination, high enlightenment, and the ancient ones had such numbers for frequencies that were assigned to the moon, the planet and to many other objects.

The-number-for-the-Sun-was-666

This became associated with the devil and the beast through the manipulation and construction of the Catholic belief system that was meant to control and turn support against certain forces that were once worshipped, to control the people and to turn their attention away from the following of deities and entities and gods of the earlier times. Those who were pagan, who followed nature and lived in natural harmony with Mother Earth were targeted, as the Catholic faith gained more and more power. The image of the devil as being a horned goat with goats' legs and cloven feet was the image of Pan, the god of nature in earlier times, especially in Roman times, and this was all a way by which the Catholic church turned the loyalties of those followers of the pagan Roman gods away from their loyalty, away from the worshipping of these deities so that the new Christian god could then replace them. Often the Catholic Church would go into an area and replace the temple or the natural spring with a Christian church building directly over those sites, replacing the old religion with the Christian religion. They understood that the worship of the solar entity/energy of Sol would go against their own interests and therefore, when the Gospels of the New Testament were written under Emperor Constantine's directives, they introduced the concept of the mark of the devil, the Mark of the Beast 666 as that which would of course demonize the god Pan and the pagan worship of the time as well. Thus an artificial construct occurred, the peoples became confused and eventually, because there was threat of punishment for following the old beliefs, the old ways, many started begrudgingly perhaps to turn towards the new religion, the new ways. When the Catholic Church came to that which is now England, the United Kingdom, the old ways were still very strong. The new priests found that their religion was taken onboard and there was a Celtic version of Christianity. Those who practiced such Celtic Christianity, which allowed the entity Jesus the Christ as part of the faith, were driven underground and eventually destroyed and the remnants of the Christian faith that was Celtic in origin disappeared.

In the meantime, all the old -ods, as this Awareness has said, were demon-zed, the 666 symbol of the sun previously also was reduced to the symbol of the beast and also demo-ized.

This has not been energized in the more modern times, and yet it can be readily brought to the surface, for it lies now deeply in the p-yche of Chr-stian philosophy and those who hold to Chr-stian fa-th. It is now erroneously the mark of the devi- and while it has not disappeared and has somewhat gone underground, it is often still retrieved and used when certain individuals wish to do so. Do not be fooled by that sequence of numbers.

There is nothing inherently ev-l in the sign 666, especially if one knows the history behind how it became a symbol for the -evil in the first place. This is all part of the manipulation of consciousness that would lead to control of the masses.

Even now this is part of the plan to convince the world that the de-il will come back, the Antic-rist will appear, and that the mark of the de-il will signal his return.

These are old antiquated beliefs that are erroneus in nature, but many who are Ch-istian followers and believers of the G-spels, especially the Go-pel of Reve-ation do hold that the sign 666 will designate the Antic-rist, and will show his return and therefore, for them, this symbol has great potency indeed.

This Awareness cannot say to any single person, do not pay attention, for many have this already deep within their own ps-che, this symbol, this Mark of the Beast, and find it very repulsive to them.

But this Awareness does ask all to realize how this came to be the conscious manipulation of peoples' understanding of such matters, the control that was asserted over them so that they could enslave them and bring them into line.

Oprah-Winfrey--The-Powers-That-Be-What-Gives

Questioner: Thank you. This is much appreciated. Kathy will be pleased with the answer, as will the membership. Thank you. I would like to read the next question. It comes from Janet B-thke.

She writes, "I read something last week on the Fourwinds site about a recent meeting with the bigwigs - like Bill G-tes, the R-ckefellers, Soros etc. which included media moguls Ted T-rner and Oprah W-nfrey.

It got me to thinking if they have ever tried to get Oprah. She wields a lot of power with the general public. Has she ever been bought out, compromised or, h-aven forbid, cloned?" Your comments please?

Cosmic Awareness: This Awareness understands that this person is a beloved personality for so many, for she has brought to the public's attention time and time again deep issues that needed to be voiced, deep issues that needed to be brought to the attention of the people of America and the people of the world.

It is not a pleasant matter to consider that she might have been bought out, or she is somehow serving other masters than the highest level of consciousness, and many would be offended if this Awareness said that she is serving the dark m-sters.

This Awareness cannot say this fully, but the entity herself is involved in some way with higher more powerful beings that are part of the s-cret ca-al, but not in a way that she sees as serving them.

She is aware of them, and she understands that even with her wealth, even with the power she holds as a media mogul, that she cannot be so naive to think that they would not eliminate her if they wished to.

Therefore, because she knows the truth of things, she must walk a very fine line.

She does still bring forth much information that is important in nature, but she also counteracts that with bringing much triviality forward, such as those shows for example, where the proper use of makeup and fashion are emphasized.

She realizes that her audience is still primarily female, and while many are very ready to hear much deeper truths, most are not.

Most are still content with the personalities that she presents on her shows, the celebrities, the giving of free prizes and rewards to her faithful audience, and such things.

But she does indeed still bring forth some who are more s-iritual and aware in nature, as evidenced by her presentation of those who were involved in the film and book "The S-cret".

She knows she will be allowed to get away with this, for this will keep her popular as long as she does not rock the boat too much.

The Powers That Be will allow her a degree of freedom and she does realize

that this does indeed help to bring into the conscious mind of her viewers new thoughts and new awareness.

In this she is still very much working for S-irit, but she is not a stupid woman and she knows that she must be somewhat careful about what she presents, so she will only present that which is socially accepted at this time and not the radical truth.

Do not expect to see David I-ke on her program or any others who know the deeper truth behind the Powers That Be. She would never present these individuals.

Her main focus is still entertainment, with allowing that information of sp-ritual nature to be introduced on an occasional basis.

As for the matter of her being cloned, it is not seen that the individual Oprah Wi-frey has been cloned and it does not seem to this Awareness that this woman has been seriously compromised, although she does know how to play the game.

Other media mongrels, as the Energizer inadvertently called them, are more involved in forwarding an agenda that misleads the American public.

The entity Ted T-rner with his CNN is very much in the pockets of the Powers That Be, and has derived great benefit from being so.

The entity Conrad B-ack is another who received great compensation and power by being a servant to the Powers That Be and it is indeed interesting when he went against them how he was slapped down and punished, as was the entity Martha S-ewart.

It is to be seen and understood that these individuals often are impervious to the laws of the land unless they do something against those in control and in charge.

It is then that they will be punished as evidenced by Conrad Bl-ck and Martha St-wart. There is much more, but this Awareness is complete at this time.
