Teacher Ophelius: "Today I will speak about how to prepare for the arrival of the Magisterial Son soon to arrive on your world. The hour of d-vine visitation is nearly at your door, my friends, and for those who are not familiar with His mission, please let me explain. In the course of planetary e-olution on most worlds, a being of high order from P-radise will appear on the worlds of time and space to adjudicate an ag- or dispensation and to usher in and put the affairs of that world in order to begin the -ge of Light and Life. He will represent the living presence of G-d on that world -- a personage of C-rist-like status that will be known and recognized as such. Together with his staff of Melchizedeks and others, they will work with the world leaders, and men and women of vision, to guide and direct planetary affairs in a way that is sustainable and on track for all future generations to live and work in harmony and with a clear understanding of the Will of the Universal F-ther.

"You my friends, are the last generation of Agondontors -- those who believe without seeing. From this time forward, all will see and feel the presence of a Pa-adise Son on their world and the world as you know it will be a very different place. Many, at present, will have doubts about how such a being can bring these things about on a world that is now full of w-r and disparity. I tell you that very soon this world will be shaken to its foundations and the old guard and the old ways of thinking will have been swept away. Those that come out on the other side will be looking for answers and willing to compromise to move humanity into its next phase of ev-lution.

"Bl-ssed are you to be alive in the most exciting time in Urantia's history my friends! Not only will you see the physical transformation of a planet, but you will feel the actual presence of the Magisterial Son when he appears and lives on this world. Imagine the astonishing developments that will occur on a world where Go- and man work together to bring about societies that live and work on the order of a mansion world-like existence! All peoples and all children will know the true path to eternity where wa-, hunger, d-sease, crime, and delinquency will be no more. You all have dreamed this dream, now you will experience it first hand.

"Let us prepare my friends for the arrival of the Magisterial Son by going into the stillness and asking Monjoronsen to make Himself known to you. You will feel his great love for you, even now, when you open up your heart and let him come in. He has great love, mercy, and compassion for all the peoples of the earth and it is his desire that all would know him and welcome him. By the authority of the Creator Son, he comes to set things in order according to the will of the Universal Fa-her. Prepare now, children of the earth, to enter into the golden -ge of light and life!

"Peace and great blessings to you,
