This is the latest rant from David I. He, of course is from Britain and doesn't have much good to say about us. You might not want to head this because it is pretty negative.

MR SMILEY, SMILEY CHANGE, CHANGE ...

... HEAR NO E-IL, SEE NO EV-L, SPEAK NOT OF EVI-
Hello all ...

Barack O-ama has been on a 'State' visit to Britain this week. Thanks America. What did we do to deserve that? I shall call for Britain to send you David C-meron. There, that'll show you. I know that we live in a dream world every time I see Ob-ma at work and the reaction to him. This week we had the pathetic sight of members of the British Houses of P-rliament in awe of a teleprompter reader who is a frontman for a campaign of t-rror in North Africa and the Middle East that is planned to lead to World W-r III. As one commentator put it: 'It took the P-esident a very long time to force his way through Westminster Hall after making his over-hyped speech. This was because each and every member of our p-litical class wanted to talk to him or shake his hand. It was like teenagers surrounding a pop star, but with very much less excuse: grown men and women, with a long record in public life behind them, abandoned all judgment and propriety.' These so-called 'representatives of the people' were on their feet at the end of a banal speech in Westminster in which Oba-a couched the agenda for w-r and acquisition that will slaughter and maim untold numbers of people in terms that were truly sickening. He said of Britain and America: 'As millions are still denied their basic human rights because of who they are, or what they believe, or the kind of g-vernment they live under, we are the nations most willing to stand up for the values of tolerance and self-determination that lead to peace and dignity.'

Those words were spoken by a man who, with his British sidekick, Prime Minister David C-meron, is currently waging wa- in multiple countries and from the shadows in many others - not even the shadows in the case of the US unmanned drone bombing campaign in Pakistan that has already k-illed large numbers of people.

On your feet for Teleprompter Man.

The words were spoken by a man who has yet to produce a b-rth certificate to prove that he even qualifies to be Pr-sident and a man who now seeks the right to go to -ar with anyone, anywhere that he chooses, without even consulting the already muted and neutered rabble on C-pitol Hill. This is the guy who's first decision in office was to sanction drone bombing attacks on Pakistan, yet went on to win the Nobel P-ace prize before massively

increasing troop numbers in Afghanistan and ordering the heartless bombing of Libya in pursuit of an agenda that has nothing whatsoever to do with 'protecting civilians'. What? They're k-lling them. Obam- is a man of w-r claiming to stand for peace; a man of l-es talking about standing for integrity. The dream-world is on public display. B-y B-sh was a deeply unpleasant character; grossly arrogant in a 'my daddy is bigger than your daddy' sort of way; and an empathy-deficient i-iot. But -bama is far beyond that. This man is d-rk, real da-k. Behind the painted smile lies a cold, calculating, ruthless, na-cissistic, psychopath/sociopath with eyes to match.

Sociopath: 'A person whose behaviour is antisocial and who lacks a sense of moral responsibility or social conscience.' Narc-ssist: 'Inordinate fascination with oneself; excessive self-love; vanity. Erotic gratification derived from admiration of one's own physical or mental attributes, being a normal condition at the infantile level of personality development.' Psychopath: 'A person afflicted with a personality disorder characterised by a tendency to commit antisocial and sometimes violent acts and a failure to feel guilt for such acts.'

In other words, a lack of empathy with those who suffer the consequences of your actions. The same as Blair, Ca-eron, B-sh, C-enev, ad infinitum. This is the I-luminati blueprint for their place-people in go-ernment. How could it be anything else when empathy would stop you slaughtering the innocent? What use is a conscience to a tyranny?

Ob-ma inspects the British troops: 'Hey, why are you here? You should be somewhere kil-ing people.'

Oba-a and Cam-ron are blueprint 'leaders' and the blueprint is Blair. For a decade, former British Prime Minister, Tony Blair, perfected the mould which was used to clone this pair of professional li-rs and hypocrites. Its basic software program is to constantly smile in public to hide the darkness of your eyes which betray the darkness of your s-ul; and to speak of peace, justice, integrity and 'values' while you b-mb vast numbers of people unjustly under the cover of li-s and deceit, because you 'value' only power and to follow the orders of your hidden m-sters.

Isn't that right, Mr R-thschild?

Blair sent British forces to w-r five times in his first six years in office - more than any other prime minister in history - and yet claimed to stand for peace and integrity, as do Ob-ma and Cam-ron today, as they currently engage their troops in open -ars and many others if you include the dar- arts of covert manipulation and, in Obam-'s case, the gathering w-r with Pakistan. But, of course, in line with the Blair Blueprint, they have to hide what they really are behind carefully-designed fake personas called 'nice chap, man of the people, one of us, pretty straight kind of guy.'

And so, on the Obam- state visit to Britain this week ... cue Nat ...

Smile though your heart's forsaking
Smile even though it's faking
When there are planes in the sky, you'll get by
If you smile through your hate you psycho
Smile and you'll please your honcho
You'll see the d-rk-sun come shining through for you

'... Hey, we're just like you are, we play Ping-Pong ...'

'Hey, high-five me, man, we're just regular guys ...'

'Hey, we even make the burgers in the Downing Street garden - keeping smiling,
Dave, the PR people said this would make a great shot.'

Round and round the garden - just like Tony Blair. And while all this was

going
 on, troops and the innocent were d-ing across the Middle East from the
 actions
 that 'call me, Dave' and 'call me the son of Kenyan goat-herder' had
 sanctioned.

Ob-ma and Cam-ron, like Bu-h, Blair and Bill C-inton, are just bag-carriers
 for
 those that put them in office and this is why the direction and rhetoric are
 the same when a 'D-mocrat' replaces a 'R-publican' in the U-ited States or a
 'Conservative' replaces a 'New Labour' in the Un-ted Kingdom. It is the
 same in
 virtually every country. Blair goes to w-r with Cl-nton; Blair goes to wa-
 with Bu-h; Cameron goes to war with Oba-a. Nothing changes - the ki-ling
 goes
 on.

Obam- managed to cram a great chunk of the Ill-minati plan for the world
 into a
 single paragraph in his Westminster speech:
 'In a world where the prosperity of all nations is now inextricably linked,
 a
 new era of cooperation is required to ensure the growth and stability of the
 global economy. As new threats spread across borders and oceans, we must
 dismantle terro-ist networks and stop the spread of nucl-ar wea-ons;
 confront
 climate change and combat famine and dise-se. And as a revo-ution r-ces
 through
 the streets of the Middle East and North Africa, the entire world has a
 stake
 in the aspirations of a generation that longs to determine its own
 destiny.'

As ly-ng and deceit go, it doesn't get more comprehensive in such a small
 space. Let us pass Teleprompter Man through our Orwellian Language
 Translation
 Unit:

'In a world where the prosperity of all nations is now inextricably linked,
 a
 new era of cooperation is required to ensure the growth and stability of
 the
 global economy.'

Translated: 'My mas-ers want a world central bank dictating to the W-rld
 Bank,
 International Mo-etary Fund, European Central Bank (and those in other
 'Unions'
 once we get them in place) and to national central banks like the Federal
 R-serve and the Bank of England. In this way, my mast-rs will control the
 finances of every country and community in the world.'

'As new threats spread across borders and oceans ...'

Translated: 'My -asters want a world army that can b-mb any country that
 doesn't do what they say. We are doing that with N-TO in Libya and
 Afghanistan
 to set the precedent step by step until NA-O, the UN peacekeeping operation
 and other mi-itary groupings are brought together in a fully-fledged world
 a-my
 imposing the will of a world gove-nment.'

'The people who wrote this speech for me talk about new threats spread
 across
 borders and oceans, because my mas-ers will tell us to say that because of
 this we need a global force that can also cross borders - the world army and
 po-ice force.'

'They say that as all nations are inextricably linked, a new era of
 cooperation
 is required to ensure the growth and stability of the global economy,
 because
 my mast-rs will tell us to say that we need a new global level of
 govern-ent
 to coordinate this cooperation - a world go-ernment.'

'... we must dismantle terror-st networks and stop the spread of nucl-ar
 weap-ns.'

Translated: We must frighten you all with the threat of ter-orism and
 nuc-ear

attacks so you won't give us any trouble when we demonise a target country that we want to acquire for protecting te-rorist groups and having or developing nu-lear w-apons.'
