"The 11:11 Phenomenon"
<http://www.coasttocoastam.com/show/2003/02/11>
Tuesday February 11, 2003

"Whenever you see 11:11 it is really a positive thing," said Solara (NVisible.com), a visionary author and lecturer who appeared on Tuesday night's show. She believes that seeing this number combination is a "pre-encoded trigger" that is meant to activate you when you reach a certain level of awakening. "It's like a huge wake-up call," she said. That must have been good news to George Noory and the numerous listeners who have been seeing 11:11 with unusual frequency lately. According to Solara, the 11:11 phenomenon relates to a set of 4 pillars she sees in the universe, which have opened up to form a 20-year bridge (begun in 1992), in which people can reach a new level of being, moving away from dualities and into a state of oneness. "We're all part of one living organic being," she said. Solara, who as a child attended the UFO conventions at Giant Rock with her mother, sometimes speaks in a unique "star language" which she said makes some people cry when they hear it. It's a...

Bruce Moen
Tuesday June 4, 2002
Steve will be talking about the nuclear capabilities of India and Pakistan and what could happen if they have a nuclear confrontation. On his website he has a map that will show A-ericans what would happen if a Nuke went off where they live. If we could peel back layers of "reality" like the skins of an onion, what would lie beneath? Bruce Moen, veteran explorer of the vast, uncharted spaces beyond physical existence - beyond reality - goes further and deeper than ever before in his quest for knowledge. Moen takes us on his odyssey across the strange and wondrous landscape of the afterlife realms where he meets those who have gone before, asking them some of our greatest questions: What is consciousness? Where do we, and our perceptions, fit into what's ultimately real? ...

"Remote Viewing: Ingo Swann & Paul H. Smith"
<http://www.coasttocoastam.com/show/2002/05/15>
Wednesday May 15, 2002

Ingo Swann, the father of remote viewing, is internationally known as an advocate and researcher of the exceptional powers of the human mind, and as a leading figure in go-ernmental and scientific projects to investigate and identify the scope of subtle human perceptions. Paul Smith, former m-litary remote viewer and Vice-President of the International Remote V-ewingAssociation, was a student of Ingo Swann. Steve Quayle offers commentary during the first hour. ...
