Hi Precious Hearts,#160;  
Frederic Delarue and I are delighted that Joao's music "Musical Rapture... A Healing Gift for Humanity" has touched so many hearts and blessed so many people. Your enthusiasm is wonderful!

We have had many people ask if they can use the music as background for their guided meditations, webinars, YouTube videos, voice-overs, and other recordings. I am sorry, but we have to deny those requests so that the Divine Intent of this sacred gift of music will be protected. If a person records other information over the music, it will interfere with the healing process and the D-vine Intent of the music.

As Joao stated:

◆The frequency of this Celestial Music communicates with the Di-ine Intelligence of the body at a cellular level raising the consciousness of each cell. As the music soothes and comforts the cells, the body◆s natural ability to heal itself is enhanced.

◆This s-cred music is compatible and works in harmony with every hea-ing modality or med-cal treatment a person may choose to experience. The music resonates with an additional blessing for everyone who is dealing with any form of c-ncer.

◆The complete CD of Musical Rapture is 62 minutes long. You may download the mp3 for this sacred music for FREE from my Mother◆s website:

"The FREE mp3 download is also available on Frederic Delarue's website:

This music is a gift from On High and it is never to be bought or sold.

Please

share this information with everyone you feel would benefit from this sa-red gift of Celestial Music.◆ Joao Cota-Robles

In order to maintain the highest integrity of this Celestial Music, Frederic Delarue has copyrighted the music and all rights are reserved.

You are welcome to make CDs of the music and share them for free with everyone you know. You can print out the images for the cover of the CD and the CD label on the download zip file, and create CDs for your personal use and to give to your friends and loved ones without charge.

You can also listen to the music in your groups and during your healing sessions and meditations. Be creative in the use of this wonderful gift of music, but please do not speak or record anything over the music, including written words.

Keep shining your magnificent Light!

G-d Bless You,

Patricia Cota-Robles
