Update by Sheldan Ni-le for the S-iritual Hierarchy and the Galactic Federation
8 Manik, 0 Pop, 8 Manik

Dratzo! A new year has dawned! We welcome it and celebrate its birth with this day's message! Around you, a new reality is beginning to awaken, proclaiming to you that you are not alone. Your space and spi-itual families have arrived and are busily altering your world. The dark g-vernance is starting its disappearance act even as a new monetary system readies itself for its swift and auspicious entrance. We have watched so many of you suffer and acquiesce to the seemingly unending and illusory power of the dark. This false world is ready to drop its immense curtains and reveal the wondrous truth to you at last. Likewise, we are prepared to reveal ourselves to you and help you let go of one of the great follies of your science, which is that your planet is a solid orb. In fact, it is hollow! This lie trembles atop others that state that you are alone and that life on your realm is a unique m-racle. This, too, of course, is false. Indeed, all the core perceptions that have been fed you since birth are to be cast away as just another of the numerous lies that have kept you literally in the dark.

These lies, which you have swallowed whole since birth, were created long ago as truths to be passed down from one generation to the next. Breaking this chain of untruths frees you from the bonds used first by the Anunnaki and then their minions to give away your power and preserve the ill-gotten gains stolen from you nearly 13 millennia ago. Limited consciousness shifts you from your sovereign self to a Being filled with doubts. You become willing to give away what you do not understand in exchange for a s-curity that appears to settle your inner doubts and seemingly allows you to carry on with your life. Another thing that "scares" you into submitting to this agreement is "d-ath". Fully conscious Beings do not d-e. At the right d-vine moment, they simply ascend. This whole new reality of de-th is something that your distant ancestors were initially unable to comprehend. It confused them and left them in a most "fearful" quandary. The Anunnaki exploited this "fear" and their success swiftly led to the world in which you live.

Applying the success provided by the misuse of "dea-h", the Anunnaki next hammered home the need for humans to w-rship them as immortal "g-ds". This reality eventually led to the w-rs, diverse "re-igions" and illogical hatreds that have divided humanity for the last 8,000 years. The Anunnaki manipulate you and force their minions to apply tactics that only broaden these various fabricated perceptions. As a result, you are trapped in societies that largely serve the wealthy and powerful at the expense of the poor and downtrodden masses. This darkness has produced a realm that has frustrated all and left only a selected few who exploit the ill-gotten wealth and power granted them by the Anunnaki. This reality is now in active retreat as the Light forges ahead with its complex plans to vastly re-form your benighted realm into a world bathed in the sweet, pure rays of the Light. You will be released from this false and shadowy realm and, with He-ven's help, moved into a world where you can again morph into fully conscious Beings of Light!

In this new reality, you resume your position as a true sovereign Being. You are in constant contact with your spi-itual council and with your community. To you, this continuous state of knowing is normal. In

full consciousness, you are achieving your highest purpose with your life contract and able to resolve any issues left over from previous lifetimes. Furthermore, you work quite closely with your solar system's various Spir-tual Hierarchies, keeping each planet and your Sun in as close to perfect a condition as you and your fellows can collectively manifest, and allowing life to prosper throughout your solar system! Your mission lies in fulfilling your life contract and in spreading the Light throughout your star-nation, this galaxy and, of course, physicality. You share this sacred work with your podlet, your clan and your star-nation. Each one of you will realize the immense joy that this work brings you every day. We are here to mentor you in this, and to watch you blossom into who you really are!

Blessings! We are your Ascended M-sters! We come before you today with some intelligence concerning events unfolding on your world. An order that has dominated your world for millennia is beginning to implode. The various agreements that these dark ones were recently forced to accept has become the issue. Now this old order is torn as to how they will implement these various agreements. The resulting confusion has created a number of factions within this dark cabal that seek to open a new round of talks. This approach is unacceptable to our associates, who have asked the Galactic Federation to demonstrate to them that the intent of these agreements needs to manifest immediately. The agreements imply that a new global economic and polit-cal system needs to be born. The dark wants to preserve some of the existing economic and politi-al reality. The present time is thus the last possible moment before the formal announcement of a new reality, which includes disclosure, is made public and solemnly enforced by all!

We have watched as the dark, during the past 13 millennia, manifested policies to destroy the Light and formally deny you your inalienable sovereign rights. This present moment is no exception. The hesitancy of several dark gove-nments to sign off on agreements that end their legitimacy is merely a continuation of a deep belief in their right to maintain this power. Our galactic and Inner Earth brethren have boldly stepped forward and explained, in very frank terms, that this intransigence needs to end, now! At present, we are assisting Heav-n in manifesting the grids for our new reality. This task is complete and we are using the wondrous Light energies that emanate from these new grids to accelerate the great transformation that all of you are now experiencing. The time of the dark's rule is at an end! A new A-e of Light is now manifesting for Gaia and her children.

You are now passing through the final grand stages of your transformation. In the past, this sacred task was performed only after many lifetimes spent preparing one's physical and spi-itual bodies for their grand integration. Once this moment arrived, you were able to draw upon a vast array of knowledge and wisdom that you had acquired. Each of us passed through these very special preliminary stages before we were granted immortality. Sp-rit knows when you are truly ready for this divine gift, and how you can make best use of it. Presently, you are preparing for what took us so long to achieve. He-ven has granted you grace in the use of special Light Chambers that are to complete this holy task in just a few days' time. This transformation is to take

Today, we have discussed some of what is occurring around your world. This message has been presented in a similar fashion many times before. We do this to set the vision for you and provide you with a base for your own spirit-al envisioning practices. The time approaches when a new era of enlightenment will dawn upon Mother Earth! Know, dear Ones, that the countless Supply and never-ending Prosperity of H-aven are indeed Yours! So Be It! Selamat Gajun! Selamat Ja! (Sirian for Be One! and Be in Joy!)
