Subject: The CHANI Project. Part 2.  
August 15, 2011.

This gives some of the information that the entity gave us.

.....  
.....

At first, the words and spellings that the Entity used may strike you as odd, silly and even childlike. But I assure you that even our top neurologists were awestruck by how this simple flow of words, structure, spelling and positioning spoke so directly to the reader's being. It was instructive, guiding and informative, but most noteworthy was its pleasantly gentle and soothing manner on your ear, heart and mind. It was baby talk for adults. The simplicity and ease with which the Entity managed to explain and get difficult and controversial subjects across had a definite lingering quality. I experienced this on a number of occasions when some thoughts would linger for days, my subconscious actively contemplating the information somewhere in the back of my mind. I'm sure that all the researchers on CHANI shared this experience. It is my hope that you, the reader of this article, will have the same experiences when reading some quotes of the transcripts provided.

What follows below are selected quotes from the Entity in no particular order or importance. Many have asked me what are my favourites or most significant. I really can't answer that. They are all up there; every single quote ranks top. I invite you to visit the thread at Godlike Productions and you'll soon understand why <http://www.godlikeproductions.com/forum1/message520517/pg1>

I'm giving you the quotes as they were given, with some personal comments where necessary [in bold type; the Entity's "wordings" are left unedited for publication here; Ed.] I've purposefully kept the comments and explanations to a minimum. You, the reader, must contemplate them yourself and decide.

-----

Below is the opening post on the "me tel u now" thread. After reviewing more than 100 predictions, I decided on this collection to start the thread:

"many things go wrong 15 may because door opens with portal to dark matters not undstanding earth beings sharon will dimise be4 15 may mandela will dimise be4 15 may thatcher will stroke be4 15 may japan warring thing will commenceing before 15 may s-cretly o-l gets very big sicknes no use anymore after 15 may old bu-h will very sick be4 15 may ch-ney will dimise be4 15 june o-ama accident before 27 aperil big sicknes be4 15 may very moving earth on 17 aperils oceon not sleeping when h-aven things beware many waters to come drown brown cheat be4 15 may putin missing after 15 may many worry people do crazy things"

This is one of the first statements made by the Entity, and it was repeated at various times:  
"u ask me many question me first answer u by xplain to unerstan u and u in the univers u must unerstan these things first u must unerstan the ilusion of infinti

then u must unerstan the infinty of ilusion  
 this mean noting but xplain everythings  
 so first u lern the u  
 then u lern the univers  
 then this xplain al and mean something"

More references to oi- sickness and to the Japan earthquake and radiation:

"me post probabilitys ok  
 me cee crash plane on deck of us w-r ship 55 dimise  
 me cee us bomer crash sea  
 me cee many dolfin and whale go suicide

On how we think, read and interpret:

"write lanuage cause bad things 4 yor human history hold u back  
 beter draw pictures like sumar  
 beter write image like egyptian  
 write lanuage tel u what to think not how to think not good thing 4

mind

picture tel u how to think must use mind to read picture good thing 4

mind

picture u remember 4 ever write lanuage u forget soon not think

anymore"

"the reason sumaria write in picture is they want last generation u to  
 unerstan 2000 years later ok

if they rite data on disk u not able deciferings disk 4 u not have  
 same reading

device 2 read their data 2000 year later

sumaria write on stone to survive al yor teknology ok and allow u to

stil

unerstan 2000 years later simple ok"

The Entity explains free will:

"me ask elders about explain frewil beter

elders say me explain like this

g-d give u eg

eg is there eg already created eg exist

u use frewil decide what do about eg

u can make choice boil eg eat eg

u can make choice bake eg eat eg

u can make choice u leve eg but eg get roten but eg stil there

u can make choice u not eat other animal so u throw eg away eg get

roten

somewere else but eg stil exist u wil smel eg eventually

eventually u must decide and deal with eg

time colide is like eg

go- make time colide

time colide is there time colide already created time colide exist

eventually u must decide what u want do with time colide and deal with

it

u can not change what -od created but with frewil u must decide what

u do with time colide ok

me say eat eg because eg good for u b4 get roten then eg very bad 4 u"

The researchers asked the Entity to explain the concept of trinity:

"first me try xplain mind body s-irit

me xplain true trinity

trinity is mind body and sp-rit

trinity is farther child and mother

yor sumerian symbol of sumeria queen is dove

yor r-ligion leaders long ago decide not use female 4 c-urch leaders

and leading

so they remove female esence from child and remove mother esence from

spi-it

they then say trinity is father son and sp-rit al male esence

this was to distract deceive to change chu-ch and rel-gion 4 male

control

only and dominating

that where al yor religi-n go wrong in history

farther is the mind

son daughter or child is the body

mother is the sp-rit ok  
the mother sp-rit esence is the balance is the harmony is the glue  
the mother is between the farther and son or child  
the spi-it is between mind and body  
reli-ion without mother spiri- esence is not s-iritual but false

teachings

4 control

trinity is the family of life  
trinity is sum experince of mind body and spirit ok  
now me try xplain how get ready mind body spi-it  
make ready yor mind understaning whatever hapens  
make ready yor sp-rit acceptance whatever hapens  
make ready body not 2 fear 4 d-ath body not real u only vehicle ume  
unerstan many umore scare pain of de-th than dea-h itself this only body  
scared not real u if deat- was painles then many more would partake ok  
yes no

dimising is not ending but new begining progres  
-eath is progres is grow"

On the law of attraction:

"me try xplain this beter  
u r g-d in yor universe  
but u not go- in g-ds universe  
u need unerstan this  
u can only be -od in yor own universe  
u can not be g-d in go-s universe ok  
u not in yor own universe yet ok  
u keep on belive u get yor own universe  
this take many line times lived then u get  
yor own universe you play g-d  
now u just belive u part go- universe only  
eventual u create yor universe by belive  
but 4 now u r -od in training ok"

"what u think u create  
what u create by thinkings play very big role yes ok"

The Entity referred to dolphins and mentioned their importance on a number of occasions. Dolphins somehow balance certain vibrations on Earth. Specifics were given, but that part was not cleared by Echelon for release.

We should keep an eye on dolphin behaviour and events involving dolphins. Their behaviour heralds events and Earth changes:

"this planet first al water  
then ground comes  
dolfin decideing to walk ground your planet  
many w-rs happen  
then dolfin evolv remember water glory  
dolfin then go back and swim water glory  
dolfin most clever on this planet line time "  
"seawater has residu from dolfin comunication  
dolfin sseek cause vibration of seawater to becom becon and  
balance energy  
dolfin more advanse than human this planet line time  
u must study dolfin"

"dolfin always love al creature with g-d esense even human  
dolfin unerstan freedom of go- esense many life time this line time  
dolfin keep your earth balance  
dolfin protect al planet and al creature on earth with go- esense  
now human kil 2 many dolfin be4 time we want rescu dolfin bring them  
our planet share  
dolfin agree come our line time 15 may we prepare place"

"many dolfin already sacrifice for keep harmonics balance yor planet  
and make yor suferings les  
very very big sufering coming and dolfin can not stop this even they  
try be brave but not enough  
u must lern harmonics yor planet soon or u demise not knowing  
anything and begin 0000 again"

"yes sound dolfin make h-al brainwave of al creature earth  
dolfin sound cause synaps make beter contact in brain make miracel  
hapen
