Subject: Are You A Volunteer?

Aug. 31, 2011.

Remember as you read this information when they use a number like 144,000, that is probably not an exact number but is a number that tells you it is large number and not to be taken literally.

.....
.....

A very interesting post - one to study and ponder over.
I do not know if it is true or not, but it is plausible.

PLEIADIAN VOLUNTEER

There are 144,000 volunteer's of the intergalactic service program to assist in balancing karma for planet earth.

Volunteer's have outgrown planet earth and have volunteered to come to this planet from the fifth, sixth and seventh dimensions. Once you have moved beyond the fourth dimension you no longer have to incarnate on planet earth.

There are only three people who are in physical embodiment on earth who are from the seventh dimension out of the 144,000. Nine are being c-anneled presently from different hosts making the total number of seventh dimensional volunteer's 12.

There are less than 1,000 volunteers from the 6th dimension out of the 144,000. The Pleiadian volunteer's are from the 4th and 5th levels of the sixth dimension. There are less than 200 from this specific intergalactic culture. Pleiadian's tend to work more one on one such as healers, astrologers, yoga teachers, authors or in some manner which helps elevate the life of others. They also do well in groups if the personality profile supports a more outgoing personality.

There are thousands out of the 144,000 who are from the fifth dimension. Many light workers are from this dimension.

There are seven levels in each dimension and the first three levels of any dimension is a preparation phase of transition. It takes around 75 to 100 years to go through the first three levels and around 1,000 years to go through all seven levels of each dimension. There are 12 dimensions presently with a 13th being created as well.

Volunteers' however take a chance of falling backwards when coming back to planet earth. In other words if you are a volunteer from the fourth level of the fifth dimension and you come to planet earth as a s-iritual leader who loses his or her center of service and decides to use others for personal gain in anyway your status will be lowered when you return.

Depending on how much you have used others will determine how much you have digressed. If you came from the fourth level of the fifth and used others your status could be diminished to the third level of the fourth when you return.

Volunteers will have more responsibilities to serve than most. It is a blessing and a c-rse all wrapped into one big Mexican burrito of ingredients. Some of the ingredients are very spicy and some are mild.

Volunteer's have the 50/50 grace blessing when they come to earth. As long as they are doing their dharma and in alignment with their life's path and

service they are automatically forgiven for half of their earthly karma. Earthlings who are not volunteer's and still working out their karma do not have this grace blessing and tend to struggle more with world of matter. Although the intergalactic councils will forgive all past karma starting in December of 2012 for those who wish to continue their growth without resistance to the new vibrations we are pouring down from above.

There are several different intergalactic cultures who have different assignments on planet earth and from above in the higher dimensions. Arcturians are from the fifth dimension. The Serians are from the sixth along with the Pleiadian's. The Arcturians and the Serians are responsible for the crop circles.

As one progresses beyond the fourth dimension the awareness becomes more refined and the differences begin to diminish. The fifth dimension is still concerned with time and space but to a lesser extent than earthlings are. When you enter the sixth dimension all of the time l-rds fall away and one is free of any karmic limitations that astrology or any other science of time and space could offer.

Most of the leaders of many sp-ritual organizations are volunteer's or have been. For those who have passed on we will mention a few: Osho is presently in the third level of the sixth, Maharishi Mahesh Yogi is presently in the fourth level of the fifth, Yogananda is presently in the upper sixth, Brahmanada Saraswati of Joytir Math is presently in the second moving into the third level of the sixth, Je--s is presently in the upper 10th ready to move into the 11th where M-ry and Joseph are. Mary Magdalen is also in the upper 10th with Jes--. We will not mention Guru's or teachers in physical embodiment presently on earth as this would be a violation of their spir-tual privacy.

There are 50,000 main intergalactic cultures with thousands of sub-cultures from the 50,000. There are thousands of spaceships surrounding planet earth at this time and on standby for any major n-clear explosion or any major event that could alter earth and the inner planes. They have technology that can prevent a massive w-r involving nu-lear technology.

Some of the ships are very physical from the upper fourth dimension through the third level of the sixth. The ships are more etheric beyond the third level of the sixth but can be made to vibrate at a physical level. The upper sixth is where Lo-d Ashtar and the Ashtar command resides. In the gap between the upper sixth and the first level of the seventh.

He has a lot of responsibility because he is the in between of ch-nneling energy and knowledge from the upper 12 dimension all the way down to the first, second and third which deals with the mineral, plant, animal and human kingdoms.

In the upper sixth most of the s-uls form spaceships by merging their energies together like envelopes of energy in celebration to become masters in the seventh dimension of pure golden w-ite light. They can teleport themselves anywhere at anytime.

Many people ask how I can find out if I am a volunteer. Lou recommends just having the desire to know and be guided to an intuitive or cha-neler to ask them. It is most likely that you are a volunteer if you have the following personality or abilities: You feel lonely at times and want to go home to where you came from, you have special talents as an artist, musician or actor, you receive knowledge that is not earth bound by man, you have a deep desire to help in some way, you are very sensitive to vibrations around you and feel the need to distance yourself from the main stream of human thought patterns at this time, your b-ood type is different than the norm, you have low blood pressure, you can't understand why humans are so fearful of love, you feel like your in jail when you participate in one specific theology or tradition, you believe in the romance of the universe, you believe in the equal distribution of human love that all humans should have the opportunity to progress, you have different ideas about economics, r-ligion, p-litics that most other people. These are just a number of guidelines for you to consider. Don't forget intuitive abilities and tele-athic communication skills.

We are not talking about communication with spi-its in the lower fourth dimension or lower astral plane. These sou-s are in a suspended state till they are born back on earth. They are not energies we would encourage you to merge with. Surround yourself with whi-e light for protection.

Some abilities may be suppressed because of a dysfunctional childhood or a critical parent who did not allow you to relax with your gifts of sp-rit. Forgive them for they do not know better. Forgive everyone and everything so you can live fully present in the moment of your own specialness.

Are You A Volunteer?

For we are moving quickly towards the "Preparation Phase" which starts at the end of 2012 and continues till 2026. Many of you have prepared yourself and are ready to pick up the sword of truth and take a leadership position rather than continue to drag the sword of truth behind you. Not to do battle with others and life but just to stand firmly and confidently in your own true I AM presence and speak your truth instead of swallowing it only to add sp-ritual toxins to your physical body. You don't need to be ashamed of who you are. You are a child of light. Dance then to the rhythm of the universe and embrace as many of your brothers and sisters as you can along the way.
NAMASTE (LOU V-LENTINO)
