Subject: Are There About 70 Alien Civilizations On Earth? Part 2.  
Sept. 3, 2011.

Here are some reports about aliens being seen in Hawaii.

.....  
.....

Enlil and Enki, two governors of Earth sent from Nibiru to rule Earth, were responsible for all this power and control. They gave the ancient Sumerians their architectural, agricultural, astronomical, and cultural training in exchange for labor and "gifts to the gods" in the form of a lot of mining, food, and material goods. Therefore the Nibirians themselves no longer had to physically work on Earth. The Nibirians disguised themselves as fish-humans, lion-humans, bird-humans, and other creatures to get the people to worship them as token gods, something that Moses violently opposed. Later the Pleiadeans who were involved in Egypt's 3rd Golden Age attempted to end the worship of the many Nibirian and Sirian gods in these lands with the one-god concept.

However, wars always resulted from these differences of belief systems, and the Sirians and Nibirians thrived on all the humans fighting each other INSTEAD OF THE GODS who were the REAL ENEMIES behind the scenes. Sitchin tells of a huge orbiting something that brought many Nibirians to Earth from the Sirian sector of our galaxy 7 every 3,600 years, with the last round being around zero A.D. when Christ appeared. Every 3,600 years a major event occurred on Earth that was well-documented by ancient and modern historians. The Great Flood of religious referred to an attempt to destroy the slave races of humanity by the Nibirians because they have rebelled against their leaders (gods) from Nibiru! Enlil and Enki were involved in a heated dispute over whether to destroy or preserve the slave races and this power struggle resulted in ancient wars. Sitchin believes that the orbit of the huge object indicated it was a planet that orbits in and out of our solar system and around our sun, yet is part of our system, every 3,600 years. However, was this huge object REALLY one of those titanic city-sized intergalactic mother ships the Pentagon says it has tracked and photographed? I was actually shown a photo of one of these ships by Sergeant Willard Winnall, formerly of A-my Intelligence, who investigated UFOs. This object was miles long, silvery metallic, and crystal clear to the eye...no doubt some kind of a monster spaceship. Such an object has also reportedly been monitored entering our solar system in the late 1980s heading right for Earth, and nobody knows what it really is all about! And Dr. Stanton Friedman, a famous nuclear physicist, swears his reason and research absolutely PROVES that the Martian moons are metallic, hollow, artificial satellites that have orbits, densities, and speeds IMPOSSIBLE by all known laws of physics! He adds that spectrograph analysis proves these moons are made of metal although they may be covered by a thin layer of soil. Was Nibiru such an object...and were the Nibirians really from one of the planets orbiting one of the two large stars of the Sirius binary system? After all, the primitive DOGON natives in Africa have all kinds of technical scientific mathematical facts about that star system left by ancient gods about data that modern scientists say they did not discover until the 1950s!

All kinds of reports indicate that the Sirius system harbors different races on different planets with different atmospheres orbiting 2 different stars that orbit around each other every 50 years like the DOGONS described. One is the ancestors of the Egyptians and that is what they looked like! Another is the gigantic humanoids or Nibirians, and another is the intelligent Aquarian

Dolphin  
Rac- from the water-planet.

The Dolphin -ace with its mermaids, mermen, porpoises, and whales were a positive sp-ritual interaction with Earth, while the Sirians and Nibirians were manipulative colonizers here to exploit human labor for their own materials and survival.

What were the tenth and eleventh planets? The one that exploded in a nuc-ear w-r located between Mars and Jupiter, Mardek (Maldek, Tinmet, Lucifer, etc.) and became asteroids was the 11th. The 12th is said to be the planet far beyond Pluto that certain astronomers swear they see every few years, sometimes called Planet X. Many alien contac-ees report they are also told of that planet. There is also a tiny planet in orbit between Saturn and Uranus called Chiron, which is considered a planet by some people and an orbiting asteroid by others depending on who you talk to .... it is allegedly a space base for colonizing aliens.

The Nibirians built many of those incredible ancient stone monuments, and are still active behind the scenes on Earth, according to several researchers.

Barbara Hand Clow even claimed they found a way to i-carnate in human bodies in 3600 BC and infiltrate our gove-nments directly!

According to MATRIX, a thick rare complicated compilation of reported s-cret information from top se-ret underground mil-tary installations, a galactic catastrophe took place about 75 million years ago.

A 75 planet group of the Intergalactic Federation was involved in an interplanetary nu-lear -ar called the Wall of Fire that devastated the Earth.

About 50 million years ago Orion entities passed through a black hole portal near Arcturus from a point near Andromeda and entered our dimensional universe.

They settled in the Lyran system. The Lyran w-rs erupted about 22 million years ago, and portions of the gravely fragmentized humans and humanoids settled in the Vega, Pleiades, and Hyades systems. About 208,000 years ago the e-il Marcab Empire of interplanetary, conquest erupted, involving the Greys and their allies. Another 150,000 year old Lyran conflict took place. Implants were introduced in greys manipulation about 120,000 years ago. About 100,000 years ago the Lyrans developed a ra-e on the Lost Continent of Hyerborea (see Part One of The History of the Golden Ag-s). This society attained advanced technology.

My first conscious alien encounter come after midnight in Lahalna, Maui, when I was staying with an artist named Michael O-ell. He traded me a free room for helping him make tikis to sell to tourists when I was 21.

Michael painted incredible cosmic master-pieces that he sold in galleries, and created machines that transformed music into moving color pattern pictures.

He claimed he was guided and c-anneled by interdimensional extraterrestrials coming to help Earth called Morontia. I was a bit skeptical when he said they were in the house, until that night when I was suddenly awoken by intense vibrations throughout my mind and body. Huge surges of energy shot through me. I was now wide awake, and a being made out of brilliant light energy appeared in the room and gave me a tel-pathic message. It was that night that I decided to base Xian ideation on extraterrestrial messages. I still do not know for sure where the being came from or what happened, though there is no doubt, IT WAS NOT A DREAM! I was fully conscious .... and Michael said it was the Morontia!

In 1987 I used to drive my car to a remote wooded area of dense beachfront vegetation on the North Shore of Maul, windsurf, and then camp out all night. Sometimes I would sail under the Full Moon. If it rained I would make tents out of my sails. Yet one night a heavy downpour arrived before I could get ready. I locked myself in the car at the end of the dirt road and decided to sleep. Sometime after midnight I was suddenly awoken by a tapping on my windshield. I woke up and looked around and saw a woman in the rain. I thought she would be very cold and wet, so I rolled down the window and invited her inside. I was amazed when this strikingly beautiful, smiling, Polynesian-appearing girl entered. She was absolutely beautiful and appeared to be in her 20s. Most remarkable was she showed no affects of the storm outside, almost

like it didn't bother her. She sat next to me and spent a long time telling me all about the Pleideans and how it inter-acted with the ancient Hawaiians. I had done extensive research on the Pleiadean/Mu connection yet she gave me 90 percent plus information I had never heard of! It wasn't until years later when books like Bringers of the Dawn and Prism of Lyra were published that I heard a lot of the same type of information. So how did she know it? I felt an extremely peaceful, loving aura from this woman and her wisdom was incredible.

After a long discussion, right before dawn, she smiled and said she had to depart. She gave me a hug and exited the car, and walked off into the rain and woods and disappeared. I never saw her again. Who was she?

Pleiadeans from the Alcyon System look, act, and think like she does, according to a book that came out years later by Barbara Hand Clowe (Messages from the Pleiades, Heart of Christos).

In 1994 mysterious glowing UFOs were reported by many locals near Wainapanapa, Maui, on several nights. One haole witness said one of them was bigger than a big mango tree, and he got incredibly close to it, just a few feet away, when it suddenly become invisible right before his eyes! In 1993 hundreds of people reported seeing several UFOs flying over Maui.

Scientists and military officials tried to dismiss this as a meteor shower scheduled that night. However, meteors fall fast and disintegrate, while some of these UFOs were cruising all across the sky and some were reported in formations. A woman and her kids near Ulapalakua, Maui, told a friend of mine she got within about 150 yards of one of the UFOs that night, and it was clearly a large mechanical machine!

An anonymous astronomer stationed at Haleakala observatory in 1994, reported he had a photograph of a huge mother ship type UFO hovering and stationed over the crater many miles high.
