Subject: More From G-sbolt.  
Sept. 5, 2011.

Here is some information from a man whose last name is Ga-bolt and that might not even be his real name. It is my hope that at the present time we have good hearted people in our g-verment.

Summary: James Casb-lt, Former underground base Operative, M-6

James Casbo-t has admitted publicly to assisting in the abduction mutilation and m-rder of hundreds Of Britain's children as an Agent for the so called MI-S-tanic Intelligence Agency, in which He states that the entire agency is completely Luciferian/Sa-anic in its very culture. This is not surprising to us, but it should be to you.

On May 20 I personally received information from a former member of the N-A (National security -gency) through a third party. I wish to protect this man's identity and so I will call him G. This is the first time this information is being made public.

G was subcontracted by the -SA in the late 1980's and worked for the N-A until 1992. He was a senior electrical engineer in the Los Alamos underground base in New Mexico. G also worked at the Alamo Gordo DUMB in New Mexico and an underground base in Hawaii. He said the Los Alamos base goes two miles underground and is the size of a small city.

Whilst there he witnessed rows of caged humans, tall grey aliens and a reptilian alien. G says the N-A was very hard on all subcontractors and people were worked very hard under severe conditions.

According to G the US federal g-vernment, the US-F and the D-E (department of energy) run the Hawaii DUMB he worked at. This base goes down two miles and stretches out into the Pacific Ocean.

It was here that three very tall and muscular Nordic looking men (who according to G were reptilian/human hybrids because their eyes would shift into having vertical slits for pupils) chased him along the motorway there and threatened to k-ll him because he had overheard them talking about some piece of high technology.

Understandably G has been emotionally scarred from these experiences and does not like talking to people about them.

I was also told on May 23 from this source that in June there would be a huge amount of H-ARP engineered earthquakes on the west coast of A-erica and that the DUMBS there had already been evacuated and shut down. This was one hundred percent accurate because between the 21 and 28 of June there were at least 400 earthquakes on the West Coast of Am-rica.

I posted all this information on the G-d like productions forum on the net and within hours the post was hacked into and removed.

By executive order the -SA is exempt from all laws which do not specifically name the N-A in the text of the law. Which basically means they can do whatever they want and are answerable to no one.

This is because of its interaction with extra-terrestrial species and its

twisted view that the people are children and cannot handle the truth.

There is currently an internal war raging in the global intelligence community regarding the alien agenda. This is between negative and positive factions. From my understanding one of the main negative factions is a group centred around -I6 and the CI- called Aquarius. This group is covering up the truth, blatantly lying and discrediting or murdering anyone who gets too close to exposing what is going on. There is also a positive group centred around n-val intelligence called Co-m 12 which is leaking accurate information regarding the alien agenda into the public arena.

When the missile (not plane) hit the pentagon on 9-11, it hit the national intelligence section of the building. This was part of the internal war between Aquarius and Com- 12 being played out.

Aquarius has also enlisted the help of Hollywood and the mainstream media to twist the facts of the alien agenda and blind the public to the truth. Sir Martin Wakefield J-comb was director for the telegraph newspapers in 1986. He is also connected into M-6 and is involved with laundering -I6 drug money through the bank of England. Ja-omb was the director of the bank of England from 1987 to 1995. Former head of the C-A William C-sey was head of the council of the media network ABC. Many insiders refer to the ABC network as The CI- network.

The grey and reptilian aliens working together with the military in the underground bases is called MIEC (military -ndustrial extra- terrestrial complex). This is a malevolent organization, as you shall see with the following information. There are also benevolent ET's on this planet. These groups are not part of the MIEC and are from the Pleiades, Andromeda, Lyra, Procyon, Tau Ceti, Sirius A, and Ummo. These groups seem to work together in some kind of protective federation.

On February 20, 1954 a delegation from these groups met with the Eisenhower administration in an unsuccessful effort to reach an agreement on the US's thermonuclear weapons program. The stumbling block to these negotiations was that these ET's were not willing to provide technology that might have been used by the military-industrial factions of the Eisenhower administration. These peace loving human looking beings refused to be co-opted into the emerging military industrial extraterrestrial complex (MIEC) in the US, Britain, Russia and elsewhere on the planet.

On July 11, 1934 the first treaty with the greys from Orion occurred aboard a national ship in Balboa. This was one of the most important events in human history because it thrust us into a role we were not prepared for as regards to being a host to a malevolent extra-terrestrial race. The US federal government disregarded the constitution of the United States by doing this and not telling the people. It was here that the agreement was first made between the greys representing the reptilians from Orion and representatives of the US intelligence community. The treaty stated that in return for the greys providing high technology (anti-gravity, metals and alloys, environment, free energy and medical technology) the government would allow the greys to proceed unhindered with human abductions. This was only if a list of abductees was provided to the government and the abductees returned unharmed with their memories of the events erased.

In 1944 the second extension of the treaty was signed. I have very little details of this.

In May 1954 again under the Eisenhower administration the third extension of this treaty was signed called The Greeda treaty. The greys and reptilians blatantly broke the terms of this treaty as we shall see later in this information. The greeda treaty was agreed upon at the Holloman air force base in New Mexico by the greys and the Ultra unit in the N-A. The original document of this treaty and the ET materials from it can be found today at the NS- facility called Blue moon underneath Kirkland air force base in New Mexico. The entrance to this underground base is in the Manzano mountains. Also at this location is the technological base of the secretive department of energy (D-E). Today free energy devices developed from grey and reptilian technology are being built for use in space at the -OE base.

On April 15 1964 two intelligence personnel met under project Plato with the greys in the New Mexico desert to arrange a meeting on April 25 at Holloman air force base in New Mexico. This meeting was to renew the treaty again in a psychological bid to buy time in order to solve the problem of the greys and reptilians.

A truly nightmarish situation is now unfolding. Phil Schneider was a

geologist, structural engineer and underground tunnelling expert for the US go-ernment and the UN. He participated in the construction of many DUMBS in North America and other countries. Phil was murd-red by the -IA on January 17 1996 in his apartment in Wilsonville in Portland, Oregon.

In 1979 in Dulce New Mexico, Phil Schn-ider was drilling into the desert there to build an auxiliary base in the southern end of Dulce on top of an already existing underground base there. The already existing base had been built by the US gov-rnment in the 1940's under operation blue note but afterwards had been taken over by greys and reptilians. Over a period of two days Phil and his team had drilled four holes in the desert that went down several thousand feet.
