Subject: Seperation Of The Worlds. Part 3 of 3.
Sept. 14, 2011.

Remember things will happen when the time is right if they are meant to happen.

.....
.....

It also means we're going to be seeing many old familiar lower frequency 3D things, people/populations, objects, buildings, beliefs, systems, polarized consciousness and such rapidly disappearing from our ascending and expanding level of perception and matching external world and reality. These old lower things will fade away like many of our memories of our lives on Earth prior to Ascension and the Ascension Process itself, unless we want to retain those memories that is. Needless to say the ascended Earth world will have a greatly reduced population due to the billions of people who've chosen not to ascend/evolve at the end of this particular Great Cycle. This dramatic reduction in global population will also cause many changes.

OCTOBER 28, 2011 vs. DECEMBER 21, 2012

I sense that Oct. 28, 2011 is the correct end date of the Mayan calendar. However, like many other things within the 25-yearlong Ascension Process, there are multiple levels, stages and phases (Stair Steps) for people ready and able to use them earlier than other people. Personally, I sense that more will be felt and perceived on Nov. 11, 2011 once we pass through that cutoff 11-11-11 portal than on Oct. 28, 2011, but they're each Stair Steps within the same unfolding Process, Separation of Worlds, and Expiration Date.

There's been a big push to convince the masses that the End Date is Dec. 21, 2012. Some of this was done by the Dark Ones to distract and prevent people from utilizing the current cosmic energies available to help them transmute themselves and embody more Light yesterday, today and tomorrow. Also so-called Disclosure is going to naturally happen because you'll ascended/evolved to a frequency range where you can see, know for yourself, and communicate with many different Starbeings/ETs because you've done the inner transformational work on yourself.

Reentering 5D Universal Society is the natural outcome of us transmuting our dense polarized energies, emotions, and consciousness and e-olving. Forget about endlessly waiting for the g-overnment to finally confess that they've known ETs and UFOs exist for decades. Even if/when they do are you going to be able to discern the truth from their l-es and d-stortions about this? Plus, why are you still handing your power over to those l-ing master manipulators and wasting valuable ascension time? Just a suggestion however.

Repeating myself a bit I sense that the people who are ready to use the Oct. 28, 2011 end date and the 11-11-11 cutoff point will do exactly that and experience more changes before other people do just as we always have since 1987 and/or 1999. Stair Steps and phases remember? I also sense that this Process we've lived since 1987 (many long before 1987) will continue through 2012 and will, for the rest of the people focused on 12-21-2012 as THE important end date, experience a completion and shift at that time.

This isn't about absolute all or nothing type duality but is much more flexible, complex and layered Stair Steps than some people believe or perceive. Moving through 2012 and it's 12 energies is important, especially for the people coming up behind most of us within this Process to complete and exit the old lower world framework of 12. After the Dec. 21, 2012 end date, everyone whose ascended/ev-lved with the ascended/evo-ved Earth enters an entirely higher level that exists beyond the old system and reality of 12.
