Subject: Underground Bases Blown Up. Part 4.
Sept. 20, 2011.

This tells who he thinks blew up the undergrond bases.
.....
.....

http://divinecosmos.com/images/image/tsunami_waveheight.jpg
UNDERGROUND BASE EXPLOSIONS ALSO STARTED BIG

It was the same with the underground bases.

If you look at a seismic chart, it will look like a big line all of a sudden appearing, and then a smaller line afterwards.

<http://divinecosmos.com/images/image/nuclear-detonation-seismograph-082311.jpg>

There is no buildup, as you would find in a natural earthquake. [The b-ack lines in this illustration are what a normal earthquake looks like, <http://www.activistpost.com/2011/08/6-strange-anomalies-with-virginia.html> explained here.

COLORADO AND VIRGINIA EARTHQUAKE LINKS

<http://news.yahoo.com/earthquake-hits-colorado-near-mexico-border-overnight-123015793.html>

Here is an early article written about the Colorado earthquake after it had just happened.

Disclose TV had a collection of links about the Colorado earthquake and its unusual nature:

http://www.disclose.tv/action/viewvideo/77486/Virginia__amp__Colorado_NUKED_UNDERGROUND_/

There was also a quake in Colorado that has some strange anomallies associated with it. This being that even though this quake was reported in the Denver Post, NY Times, Huff Post, and other local papers, it has been de-listed from the USGS.gov site.

http://www.denverpost.com/news/ci_18744329
<http://www.nytimes.com/2011/08/24/us/24earthquake.html>

http://www.huffingtonpost.com/2011/08/23/largest-colorado-quake-si_n_933854.html
<http://www.reuters.com/article/2011/08/23/us-quake-usa-science-idUSTRE77M7WW20110823>

Here is a Reuters article explaining how unusual the Virginia quake was, right after it happened.

And <http://www.activistpost.com/2011/08/6-strange-anomalies-with-virginia.html> this article has good documentation, with several key links, on <http://www.activistpost.com/2011/08/6-strange-anomalies-with-virginia.html> six strange anomalies associated with the Virginia quake:

1. Unusual, seismically inactive location.
2. Extremely shallow depth -- later altered by USGS to a more typical value.
3. Odd seismograph reading. (Air F-rce insider leaks that it was an underground nuclear explosion.)
4. Shocks felt well over 500 miles from epicenter.
5. "Remarkably low" number of aftershocks.
6. Hurricane Irene was instantly knocked off course.]

P-UTONIUM PUT IN F-KUSHIMA A MONTH BEFORE THE ATTACK

There is plenty of evidence [that Fukushima was not a natural earthquake]. The governor of Fukus-ima province told me they overruled him and put plu-onium in reactor number 3.

[This was only] one month before the tsunami incident.

DW: Only a month before?

BF: Yeah.

[The plut-nium is what caused most of the radiation pois-ning from the disaster.]

HOUSING COMPANY'S STOCK SHOT UP A MONTH BEFORE THE ATTACK

And then we had a company called Higashi Nip-on House. They make cheap housing in northeastern Japan.

Their stock was shooting up in the month before the attack.

You've got to remember: Japan has an aging and shrinking population.

It doesn't make sense for a cheap housing company's stock price to go shooting up like that unless there was something in the works.

POSSIBLE NU-LEAR ATTACK THREATENED TWO DAYS BEFORE

The other thing is that a group of us recorded a conversation between Kirk Ca-pbell, who is your deputy foreign minister for Asia, and Japanese power broker Ichiro O-awa on March 9, 2011.

In this conversation, Camp-ll asked Oz-wa not to split the ruling party and force the formation of a new go-ernment. [This could easily have resulted in a loss of c-bal control over Japan.]

They said [if he agreed to keep the ruling party intact,] they would give him the rights to z-olite [they owned] in Fu-ushima province. Ze-lite is used to clean up radi-active waste.

This conversation was recorded on March 9 two days before the tsunami attack.

NET-NYAHU PERSONALLY THREATENED NEW NUCLEAR DISASTERS

The other point [came in from] a man by the name of Takemasa Kaw-se, a Japanese m-litary intell-gence officer.

[He] subsequently told me that Is-aeli prime minister Benjamin N-tanyahu phoned Japanese prime minister Naoto K-n after the attack.

[Ne-anyahu] said that they would cause other nucl-ar disasters around Japan if they did not start handing over the money.

The chief Mos-ad agent in Japan, by the way, is a man named Michael G-een. He's a n-sty piece of work, and we're going to remove him from this country soon.

DW: One question, though.

BF: Yeah, but I want to

DW: OK, go ahead.

IS-AELI COMPANY WAS IN CHARGE OF SECU-ITY AT FUKU-HIMA

BF: In order to confirm what this guy told me, I waned to check and there was an Is-aeli company that was in charge of secur-ty at the Japan-se n-clear plant.

DW: Oh my gosh!

BF: So I was able to independently confirm that through other sources. This is publicly available information who was in charge of se-urity at F-kushima.

It was an Isr-eli company.

Now go on. What was your question?

IS IS-AEL A MEMBER OF THE CA-AL?

DW: First, then, do you believe that Isra-l is tied in with this c-bal you keep mentioning, in some way?

BF: Not Is-ael, but a clique at the top of the Isra-li gov-rnment, yes.

Most Israel-s I consider to be c-umps or victims of these people.

THE CA-AL INTENDED TO SACRIFICE THE ISRA-LI PEOPLE

For example the cousin of the Shah of Iran, among others, came to us with information that George B-sh and his group had given twelve n-utron b-mbs to the go-ernment of Iran.

[These were] missiles with neutron bombs on them.

[Elsewhere, Ful-ord has said these missiles were intended to be used against I-rael.

The ca-al hoped it would trigger World W-r III, which would assist them in depopulating the planet and securing greater mi-itary control over the people.]

Remember neu-ron bo-bs kill people, but leave buildings intact.

DW: Well, that's not only trea-onous, it sounds crazy.

BF: It is!

IRAN-ANS TRIED TO GET RID OF THEM BUT THEY WERE REFUSED

The Ira-ians said We don't want them.

They put them at the Ir-qi border and asked Pr-sident Ob-ma to please take them off their hands.

Oba-a just refused to listen.

DW: Wow.

[Elsewhere, Fu-ford has said that the Pe-tagon W-ite Hats intend to restore constitutional gov-rnment to the US after overthrowing the ca-al, and want to keep the elected pre-ident in power as this happens.

I support this decision, and feel it is the best move to make in order to keep the public calm as this event finally comes to pass.

I would be cautious in blaming Oba-a personally for this alleged decision not to remove n-kes from Ir-n without gaining additional information first.

The pre-ident is the intended fall-guy to draw attention away from the ca-al conspirators behind the scenes. His true power is limited. Even if he did want to retrieve the weap-ns, he may not have had any choice.

It may also have been seen as a trap far too dangerous to risk the lives of top personnel on what could easily have been a su-cide mission.]

MOST IS-AELIS WOULD BE HORRIFIED IF THEY KNEW THE TRUTH

BF: Okay? And again, people at the higher level know this is true. In other words, they were going to offer the people of I-rael as a kind of ritual sa-rifice.

So the Is-aelis were victims. A lot of them were fooled with Je-ish superiority talk, which is really the same as Ar-an superiority talk only you substitute J-w for Ar-an.

They were chumps.

Most of the Isr-elis don't know what is going on, and they would be appalled to hear it. It's about a cab-l that is above all that.

DW: And it has no re-igious affiliation.

THEY ARE ASSOCIATED WITH JUD-ISM / CH-ISTIANITY / ISL-M

BF: Well, they are associated with the Abrah-mistic re-igions. Let's put it that way.

DW: Going back to Babylon, Mesopotamia, all the way back there?

BF: Well, at least going back to the time of the Caesars.

REL-GION AND FAS-ISM

Let's remember the word reli-ion. The etymology of the word rel-gion is religare in Latin, which means to re-bind.

What do you re-bind it into? A fascio. What is a fascio? It is a bundle of sticks, but it is also fa-cism.

MONOTHEISTIC REL-GION COULD BE USED FOR MASS MIND CONTROL

At its worst, monotheism as practiced in the Middle Ages, for example involved singular control over everybody's thoughts.

Remember in the Middle Ages, if you didn't believe in the official C-tholic doctrine, then you and your entire family would be kil-ed or tortured until you confessed.

DW: Right. That was the Inquisition.

BF: Well, yeah!

THEY'RE MORE SOPHISTICATED NOW BUT STILL LOSING THE BATTLE

And it's much more sophisticated now.

Five companies control all the major English-[speaking] m-dia including the TV, the newspapers, the radios, the H-llywood studios.

It's much more sophisticated now. They're trying to get everybody to think the same way and they're losing [the battle].

9/11, the story there, was just so full of holes and contradictions that they were losing a significant part of their brainwashed audience including myself, because I was a high-level brainwashee.

DW: Right.

PENT-GON BLEW UP UNDERGROUND BASES TO FIGHT GENOCIDE

BF: In any case, what happened was that there was a group within the Pe-tagon and the agencies and stuff that realized this plan was insane.

Part 4.
