Subject: Let's Hear It From Uriel. Part 3 of 3.
Sept. 27, 2011.

This talks about fairies.

.....
.....

There are many fairies also about you, yet they did not wish to be portrayed, as we see them in their more physical form. They chose to be seen as little fairy lights instead, which are coming from your heart chakra and ascending to your left ear. They are the way to your joyful heart. The heart chakra is another painting entitled Fire Fairy, which is another name for you as well.

It as well is defined in its colorful form to heal (green) the old mental (yellow) wounds (purple) of the incorrect belief of being a lesser child of G-d. To express thru the true unoppressed passion that lies within.

As the h-aling within progresses the "mso-spacerun: yes" Fire Fairy spins rapidly and expanding the expansion of the same out into the world for a global he-ling.

The i-luminated neon colored Stallion - this is your beloved Uriel and how he chose to appear in this portrait.

In the front he is mostly in gold and white, the rear shows the past pain and beliefs that have been transmuted within you with his loving assistance.

He appears as the horse to depict the powerful movement, not over you but the heart and mind of you "mso-spacerun: yes" in balance powerment.

AR-SA"
Yet, he will not depart even when you realize your fullest potential, he will be more manifested in a personification of himself to rejoice in the fruition of the work you have been doing together for eons, to play together in this world of h-aven on.

Part 3 of 3.
