Subject: DUMBs. Part 2 of 2.
Oct. 12, 2011.

This shows the sources of this information.

.....
.....

Our sources have told us the manner in which the rule of the dark will end. Here is SaLuSa on the subject:

The dark Ones will continue with d-ath and destruction believing that somehow they can alter your destiny. We tell you firmly that only the Creator has the authority and power to do so, and the manner in which the end will come has already been decreed. [The darkness] will be swept aside in a wonderful show of Light and Love, and everything is set in place ready for your celebrations. (14)

On another occasion he added: In ways that are legal and carry the authority of the Galactic Federation they will be removed. (15)

The c-bal will be taken before the International Court at the Hague and tried in fair and legal proceedings.

Now comes the final piece of information. Wanderer of the Skies has told us in his most recent message that the bunkers were indeed destroyed, but with no loss of life.

The underground bases, of which we have spoken in the past which harbor those factions of the I-luminati who have created the most resistance to these changes, have indeed been destroyed with no loss of life we have been able to detect. A clear message has been sent to some of the last hold outs to the agreements already in place for the surrender of the Il-uminati and their capitulation in your affairs.

Other sources have begun to report on these events and the Ill-minati needs no confirmation of what has occurred. That message, as we have been able to monitor through the emotions and thoughts of those it affected, has been received quite forcefully. They are now aware there is no alternative and this is their end. (16)

He doesn't say what we-pon was used or who used it. But he does make it clear that it was an operation by the forces of Light and that it has met with its intended success. The Illum-nati now know that their underground bases are vulnerable.

An attack on the bunkers is one of two kinds of attacks that strikes at the heart of the Illumin-ti's plans for world takeover and depopulation. The cab-l intended either to hide out in the depths of the Earth from the effects of -ar or else to flee to Mars. They have already been told, as far as I understand, that they will not be permitted to escape to another planet and now they have been shown that they will not be safe in their bunkers either. I'd imagine that this was perhaps the final blow to their plans.

We are now hearing reports that W-shington officials are preparing to flee to South America and other parts of the globe, not like these plans will save them. Other reports say that weather events like the New Zealand earthquake were in retaliation for being denied safe haven in that country. And still others say that cab-lists were negotiating with the Company of Light for safe haven elsewhere.

We saw that the c-bal tried to interfere with the meeting of non-Illuminati finance ministers off the coast of Monaco and were forced back. We've heard Ar-hangel Michael say that he pacified recalcitrant members of NATO and that he is now working on the

financial el-te. I'm sure that we're watching the twilight of these forces, which, as AAM has said, is the necessary prerequisite for Disclosure. They are not a single, cohesive force so we probably should not expect a single event revealing their surrender. But their leadership, safe havens, escape routes and other important parts of their plan and effort have now, it would appear, been sealed off, compromised or destroyed. Many are leaving the ship. Given the sum of these events, I'd imagine that we cannot be far from the defeat of the Ill-minati.
